## DRY LEADERS ARE READY TO AMEND ENFORCEMENT ACT

Will Not Offer New Bill to Replace One Passed Wednesday

## TALK OF NEW BILL IS WET PROPAGANDA IS CLAIM

Would Make Crabbe Bill Meet All Legitimate Objections

(ASSOCIATED PRESS TELEGRAM)  
Columbus, March 21.—Dry leaders announced today they are willing to amend the Crabbe prohibition enforcement bill which passed the house of representatives last Wednesday, by a vote of 109 to 16, but failed on the emergency clause to meet all legitimate objections, but that no new bill will be introduced by them to replace the Crabbe bill.

Both Representative Crabbe, author of the measure, and James A. White, superintendent of the Anti-Saloon League, issued statements setting forth their position as stated. Both declared the talk of a new bill is merely "wet propaganda." They declared the wets would be no more satisfied with a new bill than with the present one. Crabbe said he is not afraid of the results of a referendum on the present bill which wets have stated they would make if it is passed.

Mr. White stated there is a good chance on reconsideration to pass the emergency clause. The vote on reconsideration has been set for next Tuesday afternoon.

## PARADE SCHEDULE OF 37TH PLANNED

Units Assigned For Demonstrations and Parade in Eleven of State's Larger Cities.

Cleveland, March 21.—According to special dispatches to the Cleveland News from Washington, General Anderson today announced the following official schedule of parades for the 37th division units now on the ocean and nearing home:

146th infantry, Akron, Columbus and Canton.

147th infantry, Toledo and Cincinnati.

148th infantry, Zanesville, Columbus and Dayton.

149th machine gun battalion, Youngstown.

150th machine gun battalion, Youngstown and East Liverpool.

151st machine gun battalion, Massillon and Ravenna.

152nd field artillery, Akron and Columbus.

153rd field artillery, Cleveland, Toledo and Columbus.

154th field artillery, Youngstown.

155th field signal battalion, Toledo and Columbus.

156th army police Cincinnati.

The war department is issuing instructions to the commanding officers of every one of these units to telegraph the mayor of each city where his unit is to parade advising the exact time the unit is to arrive in the city and over which railroad it is to come.

It was stated that the units of the 37th division which return via New York probably will spend a few days at either Camp Mills or Camp Merritt before proceeding to Ohio.

The 147th infantry due next Sunday, will go to one of the camps of these camps for delousing and disinfection but it will not be detained long it is stated.

The war department was expecting today official cable dispatches announcing the sailing of the 145th infantry and the 112th engineers of the 37th division. Both are Cleveland units. It has been unofficially reported that these regiments have sailed from Brest but official confirmation is lacking. Arrangements have been made by Brigadier General Anderson, of the general staff, to have both the 145th infantry and 112th engineers parade in Cleveland.

## ASKS IF PRESS STORIES OF TREATY ARE TRUE

Basel, March 21.—The president of the German armistice commission at Spa has presented a note to the inter-allied delegation asking the Germans should consider the armistice terms in the French and British press that the peace treaty would be ready for the Germans as soon as President Wilson approved, but that the Germans would be allowed neither to discuss nor modify the document according to Berlin advice.

## 171 AIRMEN KILLED IN COMBAT WITH FOE

Washington, March 21.—Casualties in the United States in service personnel serving with the American and allied armies at the front numbered 571 of the total 171 men were killed in combat.

## UNCLE SAM PAYS OFF HALF BILLION NOTES

Washington, March 21.—The treasury today authorized the immediate redemption of a half of \$45,000,000 of certificates of indebtedness issued December 5 and maturing ordinarily May 6th at par and accrued interest to the date of redemption.

## KAISER'S ARMIES LIVED ON TOP OF WORLD YEAR AGO; WERE WHIPPED IN 7 MONTHS

Washington, March 21.—One year ago today the German army, at the peak of its power, poured down on the British lines on Picardy, bent on winning an overwhelming victory before American troops should reach the front in force.

Today, Germany no longer exists as a military power. Her gigantic war machine has collapsed, and the American army she sought to avoid, stands astride the Rhine, shoulder-to-shoulder with the British and French, and with all of Germany absolutely at its mercy.

When the cables on March 21, 1918, brought the news of the first terrific German onslaught, American effort, officers here today recalled, was striving toward the production of an army of five million men, equipped to bring victory in 1919.

Within less than nine months the First and Second American armies had broken the very hinge of the whole enemy front with the capture of Sedan, while decided victories had been won by the French and British. It was then that to save themselves from the ignominy of having their army captured, the German leaders forced the flight of the emperor and surrendered as a nation.

## DANIELS STUDIES EUROPE NAVAL SITUATION

Secretary Daniels, Mrs. Daniels and Captain Phelps (at left) of Leviathan snapped on board Leviathan.

Secretary Daniels of the U. S. navy sailed on the Leviathan recently for France. He will study the conditions of European navies while abroad and will see President Wilson at Paris. Secretary Baker is scheduled to arrive in Europe before Daniels leaves Europe, which will bring about a situation unprecedented in the history of the U. S. that of the president, navy secretary and war secretary on foreign soil at the same time.

Mrs. Daniels is accompanying her husband.

## SAYS RHINE MUST BE FRONTIER OR WAR HAS BEEN FOUGHT IN VAIN

Paris, March 21.—(Havas)—"The Rhine is our only good line of defense. I do not demand annexation, but if we do not secure that military frontier we will have fought in vain," is a statement made by Marshal Foch, quoted in an interview printed in the *Matin* today.

In discussing the last days of the war, the marshal says: "It was the wonderful soldiers who gave us victory. My only merit was to have had faith and never to have despaired. We signed the armistice, in spite of the crushing of the German armies, to avoid killing even one more man and because it gave us everything necessary to a French victory."

## PROBE FACTS TO BE KEPT SECRET

Information Secured By Legislative Committee to Go Before Grand Jury First.

Columbus, March 21.—Developments in the legislative investigation into charges of alleged bribery will depend largely upon the manner in which the committee, now being conducted by the attorney general and his assistants, it was said today.

## PLAN NEW GUARD IN BILL OFFERED IN OHIO ASSEMBLY

Only Experienced Military Men Can Hold Staff Positions

## BOTH HOUSES GET BILLS TO REESTABLISH MILITIA

Numerous Other Bills Follow Temporary Disposition of Dry Law

(ASSOCIATED PRESS TELEGRAM)  
Columbus, March 21.—Bills providing for the reestablishment of the Ohio National Guard were introduced in both the Ohio senate and house today by Senator Jones and Representative Scott, chairman of the senate and house military affairs committees.

Among new provisions in the bills is a requirement that only men with previous military experience may be appointed as staff officers in the guard. Other provisions are made to conform with the federal law.

Representative Scott also introduced a bill to increase the salary of the adjutant general from \$3,500 to \$4,000 and the assistant from \$2,000 to \$2,500. A bill designed to curb the stealing of automobiles by requiring the operator of every motor vehicle to wear a badge, corresponding to the license tag on his machine and making the sheriff of each county the local registrar of automobiles was introduced in the house today by Representative Barnes of Mont gomery county.

A bill introduced by Senator Ake of Stark today would require all public (Continued on Page 2, Col. 2)

## 146TH REGT. IS ENROUTE TO U. S.

Regiment of Ohio Troops Is Due to Reach New York On March 30.

(ASSOCIATED PRESS TELEGRAM)  
Washington, March 21.—Transport sailings with troops returning from France were announced today by the war department as follows: The Maui is due at New York March 30 with the field and staff headquarters, machine gun and supply companies, medical detachment and companies A, B, C, D, E, F, G, H, I, K, L and M of the 146th infantry, 7th division, the majority of the men in these units being en route to Camp Sherman. On board also are casual companies of colored troops for New Jersey, South Carolina and Illinois, the headquarters of the 3rd infantry brigade and five convalescent detachments. Brigadier General Sanford B. Stanley, commanding the 3rd brigade is among the casual officers on board.

The *La Touche* due at New York about March 28, has on board four casual companies of men from various locations.

The *Arizona* is due at New York April 2nd with the mobile ordnance detachment, truck battery, medical detachment, motor section headquarters and truck companies A, B, C, D, E, F, G, H, I, K, L and M of the 146th infantry, 7th division, the majority of the men in these units being en route to Camp Sherman. ## BLAMES SENATOR FOR ARMY COURTS

Baker Declares Oregon Senator Caused to Be Enacted Present Court Martial Laws.

(ASSOCIATED PRESS TELEGRAM)  
Yuma, Ariz., March 21.—Secretary of War Newton D. Baker, who is on an inspection tour of army camps, replying to charges made yesterday in Washington by Senator Chamberlain of Oregon, chairman of the senate military affairs committee, that the military law was enacted under the influence of reactionary forces in the army court martial system and that the senator himself caused to be enacted the system he is attacking.

Secretary Baker and his staff passed through here last night and are expected to reach El Paso today. Secretary Baker's statement follows:

"I cannot permit myself to be drawn into a newspaper controversy with Senator Chamberlain about officers of the army. I hold an official position and will not allow myself to be drawn into a newspaper controversy with Senator Chamberlain about officers of the army."

## SLAYER SLASHES HIS OWN THROAT

Halts in Flight From Sheriff and Draws Razor Across Throat, Dying Instantly.

Hillsboro, Mar. 21.—Harry Lovett, confessed murderer of John Moore, Hillsboro, killed himself by cutting his throat with a razor at a dealer's this morning near his father's home three miles from Hillsboro.

Lovett, who was apprehended at the home of his father, Jim Lovett, where he had taken refuge, was taken to the Hillsboro hospital where he died.

## DIVORCE CASE MAY REVEAL MORE PUTRID CHAPTERS IN HOHENZOLLERN'S HISTORY

Princess Eitel.

Prince Eitel, one of the sons of ex-Kaiser Wilhelm, has started what probably will be another typical chapter in the story of the Hohenzollern family. He has sued his wife for divorce, charging infidelity before the war. Whether or not the princess is prepared to tell of the doing of the prince in France and Belgium as her side of the case isn't known. The prince is the second son of the ex-ruler. He is thirty-five and married Princess Sophie Charlotte February 27, 1906.

## ITALY DEMANDS FIUME; THREATENS TO WITHDRAW FROM CONFERENCE

Paris, March 21.—The Italian delegation to the peace conference has unanimously decided to withdraw from the conference unless Fiume is assigned to Italy contemporaneously with the conclusion of peace.

The decision was reached at a meeting today of the Italian delegation presided over by Premier Orlando. It was immediately communicated to the powers. Colonel E. M. House, of the American mission, promised Premier Orlando to present within a few days a project concerning the Italian-Jugo Slav frontier, which he hopes will satisfactorily adjust the dispute.

The decision of the Italian delegation is reported from Paris (april 1) to be a hard blow to the conference. It brings to a head the bitter controversy between Italy and the new Jugo Slav state over the disposition of land along the Adriatic formerly belonging to the Austro-Hungarian empire which both nationalities claim. Italy's claims originally included variously the Dalmatian coast with Trieste and Fiume which latter city is the second principal seaport on the eastern side of the Adriatic.

Recent reports have been that the Italian representatives were manifesting a disposition to make important concessions regarding the land along the Dalmatian coast provided that the city and harbor of Fiume remained to Italy. The Jugo Slavs however have been insistent that the port be allotted to them, claiming it to be essentially a Croatian city and necessary to the new Jugo Slav state.

## STEEL PRICE IS REDUCED AFTER TWO DAY PARLEY

Reductions of Ten to Fourteen Per Cent Are Announced

## NEW PRICES WILL PREVAIL DURING REST OF THIS YEAR

Action Is First Taken By Board to Stabilize Prices

(ASSOCIATED PRESS TELEGRAM)  
Washington, March 21.—Reductions in the prices of finished and semi-finished steel approximating from ten to fourteen per cent became effective today under an agreement reached late last night between representatives of the industry and the industrial board of the department of commerce. The new prices agreed upon after conferences lasting two days are for the year of 1919.

Announcement of a partial list of the new prices last night was accompanied by a statement of the special committee of the American Iron and Steel Institute that the change in prices would not involve any reduction in wages except at some mills where a contract providing for a sliding scale exists.

The agreement with the steel men is the first to be reached by the board which was appointed with the approval of President Wilson to bring about reduction and stabilization in the prices of basic commodities. Representatives of other large industries are expected to be called in for a conference at an early date.

## BELIEVE TAX BILL WILL BE ACCEPTED

Members of Joint Committee Do Not Expect Opposition to Program Agreed Upon Thursday.

(ASSOCIATED PRESS TELEGRAM)  
Columbus, March 21.—Members of the joint taxation committee expect very little opposition in the legislature to their tax program as agreed upon last night, the effectiveness of which will depend in great measure upon the voters.

As agreed upon, it calls for the enactment of the emergency relief measures for municipalities and other taxing districts, resubmission of the classification amendment, enactment of income direct subsidization and gradually automobile license taxes. The date of submission of the classification amendment and the vote on special tax levies and bonds as provided by the emergency relief measures was set for Saturday, May 24 at a special election to be provided for by an emergency enabling act.

The resolution providing for the resubmission of the classification amendment, the emergency relief bill and the emergency enabling act for the special election will be introduced next week.

While the general taxation program calls for the enactment of an income tax and a graduated automobile tax, these would be presented under the classification amendment has been voted upon, which probably will be at an adjourned session soon after the special election. The reason for delaying these two measures was explained by the committee to be that there necessarily would be great differences in the measure if based upon classification or on the present uniform rule method.

## PISTOL FIGHT ENDS IN ARREST OF TWO

(ASSOCIATED PRESS TELEGRAM)  
Cincinnati, March 21.—Exciting pursuits, marked by exchanges of pistol shots, between police and fugitives preceded the arrest today of two men who admitted that they were David Sethman, 23, of Youngstown, and Delbert Moore, 18, Bridgeport, Va.

The police say that the arrest of the men explains the theft of an auto at Youngstown and the robbery Thursday night of Michael Petrovich and Harry Lutz of Lynch Mines, Ky., visitors in Cincinnati.

No one was injured in the exchange of shots between the police and the men. The automobile apparently was driven to the police station by a woman who registered as Mrs. Ethel Chaffler. She also was taken into custody as she was in the room with the men when they were captured.

## SAYS ATTORNEY PAID FIREBUG \$500 FEE

(ASSOCIATED PRESS TELEGRAM)  
Cleveland, March 21.—Attorney Samuel T. Hays of Cleveland who is on trial at Chardon on charges of arson, may take the stand today to refute testimony of the prosecution, counsel for the defendant announced. The case may go to the jury late today.

When court opened this morning counsel for the defense continued examination of Detective Rabshaw of Cleveland which was interrupted when court adjourned yesterday. Rabshaw and R. H. Lee, an attorney who investigated Hays' alleged activities in 1915 for the state automobile association testified yesterday that Hays said he paid John Grezan \$500 to burn buildings on the McNish farm at Chardon.

# BUCKEYE LAKE OPENS MAY 25

Scenic Ride, Whip and Vaudeville Theatre Planned  
In the New Improvement.

The formal opening of Buckeye Lake Park will take place on May 25. The park management is making many big changes and extending the scope of the park's amusement this year. The improvements planned include a big scenic ride, and "whip" riding device will be installed in the center of the park. The new improvements also include a vaudeville theatre. The scenic railroad will cost \$30,000 and it takes 200,000 feet of lumber which is already on the ground. The vaudeville theatre will be on the summer plan, partly equipped with open chairs and in other sections with tables and chairs for refreshments. The Del Fisher boat line will be enlarged and new equipment added. The Summerland Beach hotel has also been taken over by the park management and it is said that a large hotel resort will be located there. The dormitories will be turned into both houses, where all kinds of both will be given. Six hotels are controlled by the park management and the contracts for concessions are larger this year than ever. The entire equipment on hand is being renovated and will present an up-to-date appearance at the opening.

# ST. MIHEL HERO SELLS WAR SONG FOR LIVING

Sergeant Raymond Williams, of New York is in the city, offering for sale the song "When Daddy George Was Sent From No Man's Land." The song was written by a New York soldier, who lost both legs in the fight. Sergeant Williams was in the Chateau Thierry battle in July, and at St. Mihiel in September. In the latter sector he was wounded five times, four machine gun bullets and shrapnel shattering his right arm. The bones were taken out above the wrist and a silver plate inserted. He will never have the use of his arm. He was also gassed in the same battle. The sale of the musical composition is to aid in his support and that of the composer. Sergeant Williams served in France for eight months.

# REDUCED TRAFFIC MAY RELEASE OPERATORS

Utica, March 21.—Under the government ownership, which has reduced the number of passenger trains stopping at Utica, and increased the service and efficiency of the freight trains, one of the telegraphers at Utica may be released. Under the present management it is said that an engine is given only such a load as it can handle with facility with the result that freight crews make the round trip over the division in 16 hours instead of from 24 to 48 hours. However, hardly any of the through trains now stop at Utica.

# ITALY DEMANDS

(Continued From Page 1)  
as affording the only feasible, suitable sea outlet for her commerce. On the other hand there has been no disposition on the part of Italy to grant the point to the Albanians. The attitude was officially stated by Premier Orlando in addressing the Italian chamber of deputies March 1 when he declared that while Italy remained faithful to the spirit of the coalition which inspired the treaty upon which Italy entered, she would not mean that she could remain insensible to the appeal reaching her from the Italian town on the gulf of Quarnaro (Fiume), which was extended to the loss of her independence and independence. "We do not think," added the premier, "that this is possible at the very moment when it is wished the world may be redeemed from a memory of violence done to the rights of people." There have been several instances at Fiume and other points in the territory claimed by both Italy and Jugoslavians, since the signing of the armistice, and the final act on time gave so bitter that Italy established a blockade and cut off food relief imports for the interior. This matter was adjusted by the supreme council in Paris, however, and the reports of the force have indicated that an amicable settlement of the conflicting Italian-Jugoslav claims was possible, if not probable. Just what has caused the Italian declaration to announce its determination on the Fiume question in this time has not been decided in the Paris palace. It is known, however, that the question

# SAY TAX SHARKS FLEECE PEOPLE

Private Tax Advisers Aided  
Taxpayers to Make False  
Returns Revenue Bureau  
Reveals.

(Associated Press Telegram)  
Washington, March 21.—Fraud or misrepresentation by private income tax advisers in many cities has been reported by revenue officers, it was learned today, and investigations are to be made by United States attorneys. Prosecutions are probable in a number of cases. Private tax advisers reaped a harvest last week according to the reports during the rush of citizens to file their income returns. The advisers opened offices and by advertising drew thousands of persons to them. Revenue officials charge that many of them were guilty of illegal practices in leading citizens to believe that their offices were branches of the revenue collectors' organization and in aiding taxpayers in making out false or misleading returns. Revenue bureau officials said today their reports indicated the practice was widespread, although they had not yet compiled a list of cities from which reports came to be referred to the department of justice. Officials also explained that the criticism did not refer to banks and reputable business institutions which gave great aid to the revenue authorities in spreading correct information on the tax system. To make repetition of this condition impossible next year, Internal Revenue Commissioner Loper plans to build up an organization of thousands of volunteers to be given class instruction on tax regulations for dissemination to taxpayers. Neighborhood headquarters will be maintained to add citizens in making out returns, and many more centers for paying the tax will be established than were maintained this year.

# SAILING OF GERMAN STEAMERS IS HELD UP

(Associated Press Telegram)  
Berlin, via Copenhagen, March 21.—The German steamers Burgermeister von Melle, and Burgermeister Schroeder, which were scheduled to sail on March 18 in accordance with the agreement reached at Brussels between German inter-allied food commission, has been prevented from leaving Hamburg owing to a resolution passed by seamen there refusing to operate ships demanded by the entente nations. Some newspapers protest against the resolution and say it represents the will of a small communistic section, and that it is strongly disapproved by other seamen's associations. The transport workers union has lodged a protest against the action of the seamen.

(Associated Press Telegram)  
Paris, March 21 (Havas).—A semi-official German note explains the reason for breaking off negotiations at Posen says it has been impossible to reach an agreement especially regarding the presidency of the commission controlling the situation there. The Germans say they are considering the appointment of the president by Pope Benedict, while the entente nations desire the permanent inter-allied armistice commission to name the presiding officer. The supreme council will consider the Posen situation today and will take up measures to be carried out against the Germans to bring about a cessation of hostilities in the province of Poland.

## FORMER DENISON MAN WILL SPEAK

Student of Class of 1909 Who Took Part In Stirring Events in College Tells of Mission Work.

(Special to The Advocate)  
Granville, March 21.—Earl R. Bull, Denison 1908, and Boston University School of Theology '11, missionary to Japan for seven or eight years will speak next Sunday evening at the Methodist church, Granville, according to announcement received from Columbus. Rev. Mr. Bull will be remembered as a debater, as cheer leader and as a Christian worker.

Once he was a devil. He was captured by an opposing class, his hair trimmed to look like an imp and excitement reigned supreme for four days in the camp of the Denison freshmen of '09, while the affair was at its height.

Now he is a missionary among islanders between Formosa, China and Japan. He will present the present Methodist centenary and his own work in the islands with 100 finely colored slides and a stereopticon.

In 1905 he helped put a banner 10 feet long on top of the present smoke stack at Denison and a little later on did something the good Baptists never liked—ducked a Baptist preacher. This same enthusiasm for his missionary work is still to be seen.

After strenuous days of "cramming for exams," the students of Denison, Shephardson and Doane will enjoy ten days of freedom, either at their homes or in special quarters in Granville. Shephardson commons will be closed and the young ladies remaining in the village will find their meals elsewhere. All the fraternities are giving dinners or dances at their lodges tonight and not until Saturday morning will the exodus be complete.

The Y. M. C. A. of Shephardson college led the mid-week prayer service in the Baptist church Thursday evening in an efficient as well as inspiring manner. The theme was the joy in Christian service which, under the leadership of Miss Olga Rummel was well brought out in the many testimonies given. At the business meeting of the church which followed, Rev. T. H. Chambers presided. Reports were given by chairmen of committees, new officers and committees elected, including the committee on the centenary and the one by the publication of the memorial history of the church, to be ready by June.

Miss Laura Price, '20, of Owatonna, Minn., a student in Denison, leaves for home Saturday night, not to return until next fall, as she can easily graduate next year without working during the coming term. She is a leader in college activities, is well known in the village, is organist in the Baptist choir, a member of Kappa Phi sorority, and she finished her work last week as leader of the Shephardson Glee club.

Henry Stout of Dayton, Denison, '16, will spend the week-end in Granville to attend the Sigma Chi dance to-night.

A Lena Palmer of Zanesville will arrive in Granville tonight for the Delta dance.

Miss Evangeline Davies, following a long illness caused by influenza, is again able to go about, though she has resigned her position as teacher in the Lorain schools.

Sergeant Kenneth Ullman has come up from Camp Sherman for a brief visit with his parents and with his Sigma Chi brothers. He will attend the fraternity party tonight and return to Camp Sherman Sunday evening.

Prof. and Mrs. Theodore Johnson plan to spend a part of the spring vacation in Parkersburg, W. Va., with the professor's mother and other relatives.

Miss Mary McDonald of Dayton arrived in Granville Thursday evening where she will be the guest of Chi Psi Delta friends and remain for the Sigma Chi dance this evening.

Alfred Johnson returned to Camp Zachary Taylor, Louisville, Ky., this morning after a few days' leave spent with his parents, Prof. and Mrs. W. H. Johnson.

Prof. R. W. Soule plans a trip to New York City during the spring vacation, which begins today.

Mrs. Harry Howe and Mrs. K. S. Hines were guests for a few days this week of Hon. and Mrs. J. S. Graham in Columbus, and were among the visitors at the dry-wet debate in the house.

Miss Anne Ingles, who has been for a prolonged visit with friends in Chicago, has returned to Granville.

Mrs. T. J. Morgan of Cambridge, Mrs. Pennic Brown, Mrs. Albert Link and three sons, Mrs. Paul Noon and Master Kenneth Brown of New Lexington, who have been the guests of Mr. and Mrs. Harry Howe, have returned home. They were here to attend the 86th birthday celebration of Mrs. Mary McLaughlin.

Miss Elma Grove of Newark was the guest of her aunts, Mrs. B. I. Jones and Mrs. Belle Grove Wright, Thursday at their home in West Broadway.

Sergeant Mark Smith of Camp Zachary Taylor at Louisville, recently returned from overseas, is spending a few days with his Beta brothers.

Despite rumors of his being shot up by the explosion of a shell, he is in possession of all his members and is looking fine and fit.

At the opera house Saturday night, the superb picturization of "How Could You, Jean?" starring the inimitable Mary Pickford, will be seen. This performance is all that the most exacting taste could demand. On Monday night, Eddie Polo will be followed by the big feature play, starring Wallace Reid in "Less than Zero," adapted from Alice Duers. Miller's gripping story of the same title. The play is admirably cast and exceptionally well set.

On last Tuesday evening Arbutus Temple of Path Sisters was visited by Mrs. Jennie Schafflette of Mt. Vernon, who acted in the capacity of a spectator and who complimented the temple as being in a most excellent condition. At the close of the meeting to refreshments were served to the members and several visitors.

## MRS. KRAFFT'S MOTHER DIES IN ST. LOUIS, MO.

Rev. and Mrs. E. N. Krafft will leave for St. Louis, Mo., this evening, having received a telegram stating that Mrs. H. Schulte the mother of Mrs. Krafft, had died as the result of a paralytic stroke. Robert Northing will preach at St. John's Evangelical church during the absence of Rev. Mr. Krafft. The mid-week Lenten services will be discontinued until the pastor has returned to the city.

**BUSINESS OUTLOOK.**

Some reasons have already been stated why there is reason for confidence regarding the business future. There are certain contrary aspects that should be studied. It is never wise to dwell too much on the darker outlooks. But when obstacles to prosperity exist, they should be considered, to see if they can not be modified or removed.

First, the chaos of Europe. This directly affects American business. If the people of Europe can promptly get to work, they will soon be sending over their orders for great quantities of machinery and raw materials. This will help tremendously to tide over any tendency to uncertainty and unemployment. But if the final signing of peace should drag along well into the summer, it must react unfavorably upon the world's business.

The American people are keenly desirous for some form of international agreement or organization that will help prevent future war. But the first thing to be done is to get a treaty of peace signed, get people to work in the recently warring and devastated countries.

Second, the spread of Bolshevism. It does not seem likely that these fantastic notions can get any strong hold in this country. Still there is a great mass of un-Americanized people who are a fertile field for these doctrines. And there are many natives who never seriously study economic questions. Many of these are likely to be swept off their feet by popular waves of feeling.

A strong manifestation of the Bolshevistic spirit in this country would lead business men to check their commitments and call off projected enterprises. They would salt down their money in government and other securities less risky than manufacturing. This would slow down all business and throw a great number of people out of work.

Opposition to the Paris covenant arises principally from two sources: party politics and ignorance. Since the adjournment of congress a marked change in the attitude of some of the 57 senators who started out to put President Wilson "in a hole" is noticeable. The fact is the senators are hearing from home and one after another these senators are experiencing that they are not opposed to a League of Nations as such, but only to the particularly pernicious brand of League that is proposed by the Paris constitution.

Educational institutions now offer courses that teach one to become a convincing talker. Parents should take it so as to be able to argue with their children.

The Germans went to war largely to control the world's trade, but up to date no one has offered 30 cents for the agency of any "Made in Germany" goods.

**PREPARING FOR DOWNFALL**

Politicians usually learn from their vicissitudes. But some are so obtuse as to repeat the very errors that led to their downfall.

The greatest political split that ever occurred since the civil war, was the Progressive defection from the Republican party in 1912. In 1908 Mr. Taft had 321 electoral votes. In 1912 he had 8. Was there ever such a descent of the proud from the seats of the mighty?

One would think that the party that had suffered such a humiliating defeat would inquire very carefully as to its causes, and resolve never to make any mistakes like those that led to the previous disaster.

Yet here is the Republican party of 1919 preparing to make over again precisely the same errors that led to the great Progressive party movement of 1912. Its spirit is being manifested in the slate of committee chairmanship drawn up by the coming organization of the National House of Representatives. This slate will arouse intense antagonism in the Progressive element. It is practically the same crowd whose blind reactionary spirit wrecked the party in 1912. There is nothing to indicate that these gentlemen have learned anything in the past seven years.

There is no Roosevelt now. One can imagine the trumpet blast he would sound had his life but been spared to the present moment. But the Roosevelt spirit is not dead. But if his followers do not find a satisfactory substitute, they have an even better opportunity to record their protest.

In voting in 1912 for Roosevelt, who stood practically no chance for election, they were in effect casting but a half vote. Next time they should get the full effect of their ballot, by voting direct for the Democratic exponent of progress.

Some pessimists think that the editor who put the list of soldiers engaged to be married under the heading of "Wounded, Degree Undetermined" didn't make so bad a mistake after all.

A college student on being asked to name the greatest achievement of Holland, replied that he had been unable to decide whether it was "Dutch courage" or the "Dutch Treat." "You're in Dutch," remarked the Prof.

**THE Y. M. C. A.**

(The Stars and Stripes.)

I am not the guy who really won the war, nor did I see all the fronts. But there are a lot of other birds in this outfit who didn't get as far toward Berlin as your truly. Having introduced myself to my enthusiastic readers, stand back and allow me to begin.

My subject tonight will be a few words about the Y. M. C. A. Some of the lads don't seem to like it, and have started in to make the crowd back home think it's a false alarm. Now, Ed, you know that it's an easy thing to scatter the virgins here and there, and there is a certain class of young volunteers who would rather do it than eat. I'm one of those people who like to crab a little myself; it's a habit I learned the scuttle but (ask the gob what I mean), but these virgins boys are on the wrong track this time. They are eating, isolating cases that have happened during this year and a half, and making a mountain out of a mole-hill. This puts the entire Y. M. C. A. on the witness stand in self-defense and that is a thing that should not be. Let's grow off a few points, jive, and look around. What do we see, mate?

We see hundreds of men who could have kept the home fires burning in the U. S. A. and earned a good wage along with the slackers and the genuine non-drafted men at any number of good paying positions. What did they do? They came to France and kept on the job morning, noon and night every day of the week. They killed the brawny fighters in the S. O. S. with movies, candies, cigarettes and decent words.

After you have done that about 6,000 hours, more or less, you begin to get sick of it. Back in the S. O. S. the transportation was available, and the supplies came into the division. Some of it did get up to the front, but not enough to create a panic. But that wasn't the fault of the Y. M. C. A.; it was the inevitable result of a constant forward movement in open warfare. I suppose some of our heroes wanted to get hot chocolate dropped on advanced outposts by airplanes. It's too bad about these kids.

Since I've been up with machine guns I've never seen anything of this character, that the Q. M. Corps serves out tins, and I don't expect to do so either. Nor do I feel any anguish because the Y. M. C. A. didn't feed me in a fox hole, especially when I know who had the monopoly on available transportation.

There was a lad named Wilbur who was the secretary assigned to our battalion. He had been turned down for the Army because he had one eye. So he sought the lucrative and luxurious life of the Y. M. C. A., thus hoping to be of some service to his country. When he found that it was impossible to drag chocolate bars and cigars over the top with machine guns, he gave first aid to the wounded under shell fire. He had the time of his young life, and no one had anything on Wilbur when it came to courage. One Boche winged him up at Blanc Mont in Champagne, and he got a blighty.

There were lots of Wilburs in the Y. M. C. A. if you start investigating. I hate to see a lot of crabs ignoring them, too.

When we started on our marathon via France, Belgium, Luxembourg and Germany, we were lucky to have our emergency rations keep us with us. Then we settled in various castles on the Rhine, and the crabs began to scream for the Y. M. C. A. Where was it? Ask the Army about that—ask why the trainloads of stores were sidetracked so that more important things could come up. But now our soldier boys are getting enough candy to make each and everyone sick, and enough cigarettes to totally destroy the lungs. I have purposely failed to touch upon the work of the women in the Y. M. C. A., because I couldn't adequately express the appreciation that we must all feel for their sacrifices and their infinite patience with us. They come from the best American womanhood, they are the finest type possible to obtain, and their refining influence among us has been evident in every camp that they have served by their presence. They have been an inspiration to many of us, conscious or unconscious of that inspiration though we may be.

Just consider what they have given up at home to come over here with us and to share for us, yes, share for us. Do you think it easy to put up with our general indifference and constant demands and continual kicks and to smile and be pleasant and truly sympathetic? Well, it isn't easy, and if we try for a moment to put ourselves in their places and enter to the A. E. F., we shall get the point.

Isn't it awful, Mabel, did you hear that the Army is going to try three soldiers who are "mope"? We don't call that "cathartic" do we? No, we don't. Three out of four, may I say, I haven't the figures at present, but I'll bet my steel helmet that the percentage is negligible. On the other hand, how many of our crusaders have gotten the yellow fever for the same thing, commissioned and otherwise? Oh, but now you are attacking our set, and that isn't fair.

Well, here's one old timer who got a square deal from the Y. M. C. A., and it's an Irish Catholic who says so. Take a strict vote and see what the conscrvatives think about it.

Silent Sufferer, U. S. M. C.

**A REAL IRON TONIC**

Like Pepton May Be Just What You Need This Spring.

Probably time people out of ten have lost their appetite, their grip on health in these trying months of awful epidemics, exposure to damp, changeable weather, and association with sick people in overcrowded homes.

Depleted blood, loss of the red corpuscles, shattered nerves, loss of appetite, dull, dazed, things in the head, and a long list of troubles call for the rest, strength and nourishment that Pepton will give you. It is a wonderful corrective of anemia tendency, nervous, languor, nerve exhaustion.

Pepton restores the red corpuscles to the blood and gives a natural vigor and snap that keeps up courage, makes you cheery and helpful to your family and friends, and contributes wonderfully to the health of all. Remember this one thing—Pepton is a real iron tonic.—Adv.

**AMERICA'S IMMORTALS**

**CHARLES W. WHITTLESEY, Major, 308th Infantry.**

Major Whittlesey, the hero of the "go to hell" refusal to surrender, was decorated for conspicuous gallantry and intrepidity in action with the enemy northeast of Binardville, in the Forest d'Argonne, France, October 2 to 7, 1918. Although cut off for five days from the remainder of his division, Major Whittlesey maintained his position which he had reached under orders received for an advance and held together his command, consisting originally of 403 officers and men of the 308th Infantry and Company K of the 307th Infantry, in the face of a superior number of the enemy during the five days. Major Whittlesey and his command were thus cut off and no rations or other supplies reached him in spite of determined efforts which were made by his division. On the fourth day Major Whittlesey received from the enemy a written proposition to surrender which he treated with contempt, although he was at that time out of rations and had suffered a loss of about 50 per cent of killed and wounded of his command and was surrounded by the enemy. His home is in Pittsfield, Mass.

Silent Sufferer, U. S. M. C.

**Manna From Heaven.**  
Even the children have been more or less troubled by this H. C. of L. thing, so it was with a feeling of delight and relief that a little girl on North Fourth street called to her aunt during the ball storm some days ago, "Oh, come and see the hominy coming down!"

**Paragraphers and Persian Rugs!**  
Latest grounds for divorce at our house: Unfaithful husband's wanton action in dropping small seedless raisin on genuine Persian rug and stepping on it thoroughly. Correlated and appurtenant ground for alimony and custody of the children: Defendant's flip-pant advice not to worry about it, as it would wear off.—Ohio State Journal.

Circumstantial evidence to be adduced by plaintiff as additional grounds: The heinous crime of eating raisins in the home of a wealthy friend that way.

**The Limit.**  
He is a tightwad, is Hank Haws, And, though a shew contains no mirth, He will applaud each turn, because He wants to get his money's worth. —Luke McLuke.

Hank's methods sure are very crass! While what he pays for he'll exult, Still, when he gets in on a pass, Then you should hear how he finds fault.

**Did You Know**  
That the oldest epic of Anglo-Saxon poetry is called "Beowulf," from the name of its hero? The poem was probably a long time in process of evolution, but it seems probable that an English poet gave the work its present form about 700 A. D. The characters, scenery and action of Beowulf belong to the continent of Europe, but the poem is essentially English, even though the chief action is laid in what is now Denmark and Sweden. The unique manuscript in the British Museum is written in the West Saxon dialect of Alfred the Great's time—849-901, A. D.

**For Relaxation.**  
The man who talks a whole lot, but does nothing, has got really excited. He was wanting to know what was to be done with the ex-German emperor, and when, I'd like to see Kaiser Bill in hades, he finished up, glancing defiantly round.

Don't worry, old chap, said the quiet man. Some day you will.—Answers.

# Gen. Pershing's Own Map

— OF THE —

## Great St. Mihiel Battle

This large, colored Map of the St. Mihiel salient was made by headquarters experts on the battle-ground for the official use of General Pershing, and was sent by him to "The Digest." It shows the day-by-day positions and progress of all American Divisions engaged in this great offensive, also the locations of the French colonial troops, the enemy defense lines, and all railroads, tramways, towns, villages, rivers, etc. It is indispensable in tracing the progress of this brilliantly victorious drive, the first all-American offensive on a large scale. The Map is accompanied by a highly interesting descriptive article drawn from the Commander-in-Chief's own report. This authentic Map is well worthy of preservation, and as the demand for it will undoubtedly be very heavy, we advise you to go to your news-dealer at once and get your LITERARY DIGEST.

There are many other distinctive articles in "The Digest" this week, among which are:

### Bolshevism's "Heaven on Earth"

"A Nightmare in a Lunatic Asylum" is the Way Russian Fugitives Who Struggle Into Switzerland Describe Life in Russia Under Lenine's Rule

- The South on a Cotton Strike
- World-Reconstruction Plans
- America Getting German Trade in South America
- Why Business Men Should Study Weather Maps
- The Puzzle and Glamour of Weimar
- Alabama's Neglected Literature
- Evil Discords in Church, State, and Industry
- Spaniards in the United States
- Personal Glimpses of Men and Events
- Many Striking Half-tone Illustrations and Humorous Cartoons

### "The Digest" a Reliable Mirror of Modern Conditions

There is nothing more characteristic of man as distinguished from the remainder of creation than his insatiable thirst for information. One and all, we desire to know. The pursuit of this admirable ideal, relatively easy of accomplishment in the centuries that are gone, with their leisurely methods and gradual progress, is now become a matter of extraordinary difficulty. To-day we live so fast and so much happens every twenty-four hours that even our great army of magazines and newspapers can not record it all and the man who should endeavor to peruse a tithe of them would inevitably be a candidate for an insane asylum. But there is one happy solution of this vexed problem. Read THE LITERARY DIGEST, "all the magazines in one," every week and get the gist of all the worth-while news accurately, concisely, and impartially presented. Test this out NOW.

Colonel W. C. Wells, living near the fair grounds, complained to Justice Jones, Thursday, that he and other families nearby had been annoyed lately by neighbors' horses and cows running at large over their grounds. Thursday night, Constable Forgrave went to the Wells place and found a horse belonging to Edward Hetzer stalling. Hetzer was brought into court this morning at 8 o'clock and remanded. This being his first offense he was discharged and given the costs to pay. Justice Jones stated that so many complaints of the kind have come to him that the next offender will be dealt with more severely.

## SOCIAL AFFAIRS

The Review club will meet Saturday afternoon with Mrs. F. P. Kennedy, 67 North Fifth street.

Mrs. Edward Miller entertained the Harmonious club at her home in East Main street, Tuesday afternoon. Lunch was served to the members and one guest, Mrs. Eugene Hartshorn. The next meeting will be held at the home of Mrs. Charles Keller in Hoover street.

The Jolly Twenty-four met at the home of Mrs. Lida B. Jakeway on Tuesday to celebrate their sixth anniversary. At noon a delicious dinner was served and a program was arranged for the afternoon. A token of remembrance was presented to the president, Mrs. Ella Lynn.

The following were present: Mrs. Fred Cummings, Mrs. Ada Vernon, Mrs. John Walsh, Mrs. Van Gamble, Mrs. C. A. Lynn, Mrs. O. B. Idle, Mrs. Isabella

Stewart, Mrs. Ada Ditter, Mrs. Roy Zeimer, Mrs. Della Phillips, Mrs. Lida B. Jakeway, Mrs. May Kappes, Mrs. Nellie Hughes, Mrs. Martha Vernon, Vernon, Mrs. Nellie Rose, Mrs. Bessie Davis, Mrs. Mayne Lucas, Mrs. Margaret Billenger, and Mrs. George Smith and daughter Julia of Tucuman, New Mexico.

The members of the Colonial Sewing circle surprised Mrs. John Hohl at her home in Maple avenue Thursday evening with a masquerade party. The hours were merrily spent until the guests unmasked when luncheon was served. The guests were: Mesdames O. Rickett, D. F. Phillips, Charles Daily, Albert Courtney, Earl Settles, T. F. Mulquin, Dessa Rinehart, C. F. Parks, Henry Hartman, B. F. Bobbette, J. Edwards, Misses Juanita Rickett, Mildred Robinette, Dorothy Courtney and Esther Mulquin.

**Buchannon-Wells.**  
Miss Mary Wells of Thornville and Harry Buchannon of this city were married by Rev. V. L. Heuser at the parsonage Tuesday evening, March 11. They were attended by Mr. and Mrs. E. J. Locke. The young couple have the best wishes of their friends. They will be at home at 220 Maple Grove Edition.

A number of friends of Miss Helen Gildow entertained with a kitchen shower in her honor on Thursday evening. Gildow recently announced her engagement to Charles Bruce Stewart of Indianapolis.

Mrs. T. L. Davies delightfully entertained the members of her sewing club at her home in Hudson avenue on Thursday afternoon.

Mrs. J. G. Hughes was hostess to the members of her sewing club at her home in Woods avenue on Thursday or perhaps some other day. The club work and luncheon was served.

The Germans were drunk with power, but they didn't reckon on the morning after.

WAS WOUNDED WHILE  
CARRYING DISPATCHES

Fred Coleman, son of Mr. and Mrs. Jerry Coleman of Brennan street, is home after nearly a year's service in the army as a member of the famous Buffalo division. Coleman was a member of Company B, 365th infantry, and sailed for overseas on June 6. He was on the firing line in France much of the time and served as a runner, or messenger, from headquarters to the front line. The only wound he received was in having a part of the forefinger of the right hand shot away. Coleman has many experiences to relate of army life, fighting and hardships and the many sights he witnessed on the front line. He was invited to deliver an address last evening at the A. M. E. church and it was filled to capacity. Coleman was in the firing line with his regiment ready to storm Metz when word was received that the armistice had been signed.

## THE COURTS

**No Bids Received.**  
The Hickey ditch east of Clay Lick in Hanover township was offered for sale yesterday afternoon by the county commissioners but there was no bidder, contractors evidently not caring to bid on the engineer's estimate, claiming that it was too low. The work, which will include about 100 rods, will probably be let by the commissioners to be paid for by the day.

**New Jurors Drawn.**  
Judge T. B. Fulton, Sheriff E. A. Bryan and County Clerk Leo T. Davis today drew the following additional names from the jury wheel to serve on the present petit jury: C. C. Bone, Burlington township; Jenkins Jones, Granville; Charles Geiger, Lima township; John Oldaker, Union township; Silas Bishop, St. Albans tp.; R. C. Bigbee, J. H. Hanks, Dave Murphy, R. P. McCann and A. H. Yaus city.

**To Resurvey Ditch.**  
A resurvey of the White ditch in Liberty township has been ordered by the county commissioners and which will include about 116 rods. An estimate of the cost will also be made and after the expiration of ten days it will be advertised for sale.

**Deputy Recorder Ill.**  
Miss Vestal Wilson, deputy county recorder is ill at her home in Day avenue suffering with a case of tonsillitis.

**Marriage Licenses.**  
Austin Watters, a farmer and Mrs. Malinda Eshelman, both of McKean township.

**Real Estate Transfers.**

ASSOCIATION TO BOOST  
BREEDING OF DUROCS

The Jacksontown Duroc Jersey association, composed of farmers of Licking township, was organized Tuesday evening at the Jacksontown town hall. An organization was perfected by the election of the following officers:

President—Paul Jury.

Secretary—O. W. Osburn.

A committee was appointed to attend the Johnson Duroc sale west of Columbus to purchase stock, consisting of Messrs. T. C. Jury, John Orr, Paul Jury, Owen Osburn, Orlo Kindle and M. C. Harter. Four hogs were purchased the highest price being \$250, and the association is now in position to promote the breeding of registered Durocs. It is proposed to have every farmer of the association handle all the Duroc hogs that he can possibly care for and in a few years Licking township will possibly become famous for its Duroc hogs.

BAPTIST CHURCH TO  
HOLD VICTORY MEETING

## CITY COMES TO AID OF BUREAU

### Free Employment Agency Will Continue Here With D. P. Stewart In Charge.

The city has come to the aid of the local free employment bureau and the bureau will not be closed tomorrow as had been planned owing to the withdrawal of federal help.

The employment bureau today is moving its office from South Second street to the southeast corner of the courthouse. The city will assist in maintaining it and it is probable the county will also aid in continuing the office here.

Many employment bureaus were affected owing to the failure of the federal government to pass an appropriation for the work, but in many instances the communities in which they are located will endeavor to maintain them. The local office will be in charge of D. P. Stewart and J. R. Trout.

## THE MARKETS

### Cleveland Produce.

Cleveland, March 21.—Butter—Creamery, in tubs, extra 67c; firsts 65c@66 1/2c; seconds 64@65c.

Cheese—American whole milk, fancy twins and flats, 32@33c; brick fancy 31@32c; Swiss fancy 41@42c.

Wall Street.

New York, March 21.—The outstanding feature at the active opening of today's stock market was the extraordinary demand for steel shares and affiliated equipments, following the adoption of the new schedule of prices by the manufacturers. U. S. Steel was especially stimulated, changing hands in numerous large individual lots at an overnight gain of two points. Oils advanced one to two points and motors, tobacco and distilling issues averaged one point gains. Shipings and coppers also improved moderately but rails were irregular. Local tractions were not further affected by latest receivership proceedings.

Dealings in U. S. Steel assumed almost record breaking proportions, aggregating about half of the first hour's business of 450,000 shares. U. S. Steel extended its gain to 2 1/2 points, carrying others of the same group substantially higher. All initial advances were extended, mainly in oils, motors, tobaccos and sugar. American sugar's further gain of 3 3/4 accompanying heavy absorptions. Although tractions shares were relatively steady; Interborough Rapid Transit and Interborough Metropolitan bonds developed increased weakness.

### Chicago Grain Review.

Chicago, March 21.—Corn today rose to the highest price yet this season for May delivery. The advance was chiefly the result of a continued bulge in the rice market, owing to export demand. Opening prices, which ranged from 1 1/4 to 1 1/2 off, with May 1 1/4 3/4 to 1 1/4 and July 1 1/4 1/2 to 1 1/2, were followed by a sharp upturn all around but then by a sag to slightly below yesterday's finish. Oats showed independent strength. After opening 1 1/2 off to 1 1/4 1/2 up, with May 65 3/4 to 66c, the market declined a little, and then scored a decided advance.

Provisions averaged firmer with hogs. The best demand was for lard.

### Chicago Live Stock.

Chicago, March 21.—C. S. Bureau of Markets.—Hogs: receipts 30,000; market active, fully 5 to 10c higher than yesterday's average. **FORT WAYNE TEAM IN  
LEAD IN 10-PIN MEET**

(Associated Press Telegram)  
Toledo, March 21.—Bowlers taking  
part in the competition of the Ameri-  
can Bowling Congress tournament here,  
are finding the going hard with high  
marks to shoot at in all divisions.  
Yesterday's games with only one of  
the leaders being displaced, the Lin-  
coln Life Insurance company team of  
Fort Wayne, Ind., going into first  
place with a score of 2959, displacing  
the Potter Shoe Play of Cincinnati,  
which had held the top place since  
the night of March 15.  
With the 2959 as the high mark in  
the five-men, 1248 the best in the  
doubles, and 718, a new world's record  
in the individuals, the tournament will  
begin its fifteenth day at 9 o'clock this  
morning with Detroit, Buffalo, Cleve-  
land, Hamilton, Jamestown, Lima and  
Bradford, Pa., represented on the first  
squad.  
Bradford, Kalamazoo, Columbus,  
and Elmira shooters are on the second  
shift which is scheduled to start at  
10:55 a. m. Other performers during  
the day will be men from Fort Wayne  
and Louisville.  
Among the 22 teams scheduled for  
tonight is the Pastora Cigar Five of  
Dayton, winners of the state tourna-  
ment at Canton recently.  
On the first shift tonight are five  
from Detroit, Akron, Cleveland, Chic-  
ago, Rochester, Peoria, Pittsburgh, Jack-  
son, Mich., and Columbus.  
There will be none left Chicago bowlers  
on the second squad, the alleys  
being taken by sixteen teams, among  
which are Birk Brothers, Roadsters,  
Able Transfer, Mutual, Marvel and  
Mendels.

**Goddard Chase Returns.**  
Mr. and Mrs. Frank Chase received  
a telegram Thursday evening, an-  
nouncing the safe arrival of their son,  
Sergeant G. Goddard Chase, Co. E, 423  
telegaph battalion signal corps at New-  
port News.

**The Medal Fund.**  
The Advocate acknowledges receipt of  
a dollar from Miss Madura Howard  
183 South Pine street. The money has  
been deposited in the Licking County  
Soldiers and Sailors Medal fund.

**Town Hall Basement Flooded.**  
The basement of the town hall at  
Potosi was flooded by the recent  
heavy rains. When the new building  
was erected it was found that the base-  
ment was too deep to drain into the  
village sewer, so no drain was put in.

**Fumigation Causes Scare.**  
Last evening about 7:30 o'clock Pa-  
trolman Dush reported at the police  
station that he detected smoke at the  
Mullin grocery, corner Third and  
Church streets. Chief Jas. Sheridan  
and night captain Charles Hager went  
to the grocery to investigate. At the  
same time calling Fire Chief Louis  
Bauch. The squad wagon drove to  
the grocery but after Mr. Mullin had  
been sent for he informed the investi-  
gators that he was fumigating and the  
smoke was caused by the burning sul-  
phur.

**Arrests Auto Driver.**  
Two young men were picked up last  
evening by Officer Williams in East  
park, placed in the charge of operating  
an automobile while intoxicated. A  
Columbus resident who had a car  
parked in East Newark claimed that  
the boys stole one of his robes. The  
younger was turned over to the juve-  
nile court and the other taken into  
custody by the police and they will  
have their hearing this afternoon.

**Escaped From Workhouse.**  
Patrolman Murry bumped into Sam-  
uel Sherrard last night on Balti-  
more street and took him into custody,  
knowing that he was wanted at Can-  
ton, where he escaped from the work-  
house where he had been sentenced for  
a long term and at the expiration of  
which he will be sent to the Mansfield  
reformatory to serve a term. Officers  
from Canton arrived today to return  
with Sherrard, who is a former resi-  
dent of this city.

**University Lecturer in Speak.**  
On Tuesday evening Wilkins Kim  
Grange will have an Ohio state lec-  
ture, Harry Caton, of Fresno as the  
chief speaker.

**Davidson at Camp Merritt.**  
Miss Stella Davidson of Maple  
avenue received a telegram Thursday  
night from her brother Francis David-  
son telling her of his safe arrival in  
New York city. He goes from there  
to Camp Merritt, N. J.

**Married by Squire.**  
Frank Week, a barber at the  
McFarland shop and Mrs. Hazel Be-  
man, waitress at the Warden were  
married Wednesday by Justice of the  
Peace Horton. They will make their  
home in this city.

**Soldier Married.**  
Justice Horton officiated at the  
marriage of Robert Frederick Wagner,  
just discharged from Camp Sherman,  
and formerly of Fallsburg and Miss  
Nina M. Lyle of Fredonia. They will

**BOWSER WINS ROUGH MATCH**

Slugging and Kicking Marked Match Which Proves Too Rough For Greek Demon.

The Bowser-Kiloms wrestling match came to a sudden termination last even- ing after the Greek demon had secured a one fall in 25 1/2 minutes, when Kiloms fell on his head after about 16 minutes of wrestling in the second bout and was rendered partly unconscious and hurt to the extent that he was un- able to continue the match. Bowser was awarded the decision.

The bout was conducted by the 22- year-old Bowser, who is a native of the United States, and the 30-year-old Kiloms, who is a native of Greece. The match was a rough and tumble affair, with both men using slugging and kicking. Bowser was the aggressor, and Kiloms was the defender. The match was a close one, with Bowser securing the first fall in 25 1/2 minutes. The second bout was a much closer one, with Kiloms securing a one fall in 16 minutes. ## MINSTREL SHOW AT HIGH SCHOOL MARCH 27 AND 28

On March 27 and 28 the Boys' Athletic Association will give the seventh annual presentation of the High School Minstrel. In the past it has been crowned with success and apparently one will be even better than the former ones. Especially good are the songs, both the blackface and those of the ballad singers. The overture is full of "trap" and harmony and jokes are coming fine.

In the olio there is a collection of splendid novelty acts. There are both musical numbers and comic sketches as well as other novelties. The boys have been spending a lot of practice in the preparation of the show and have been working since Christmas. The following sketch will give an idea of one of their practices:

Scene 1. The High School Auditorium. In darkness, except lights on stage.

Mr. Klop, looking at watch: "Well, it's 7:30. Where's the rest of you bunch? Just half of you here."

First Prospective Orpheus: "Ah, they will be along about 8 o'clock."

Mr. K: "Well, come on and get busy; we can't wait all night." (Takes out books.) "Now be careful of these things, they ain't made of cast iron and it takes one and a half hours to make one of these things. I just got two made, when my young daughter got hold of them and there was three hours' work all balled up in her fist. Give us a little La. Bob. (Sings) Do Me So' La. Bob. (Sings) your first tenure got it. Second tenure? That's it. Got your tones, basses? All right, let's go. (All sing.) Come on, now, try that over. It sounds like a funeral march instead of a minstrel song. Not fast, now, but make her sweat. Now, again. (All sing.) Now try the next one. HEY! If you fellows would stop talking for one minute, I wouldn't have to yell my head off to be heard. Sounds like a boiler shop in here. I will have to get a gun to be heard at all. If you fellows have so much extra wind, use it in singing and don't gas all the time."

(Several fellows try to sneak in unobserved.)

"What you fellows here so soon for? You are only 15 minutes late."

One of the Tardy Ones: "Oh, I had to wash the dishes."

Mr. K: "Yes, I see you washing dishes. Here is some more to wash."

Walks over and accidentally steps on Kuster's foot who protests strenuously.

Mr. K: "Oh, hush! You may be glad it wasn't Essington or Milliner here. Come on, now, let's pick some berries. (All sing.) Come on, now, try that again, getting that, are you? Come on, try it alone now. There, that's something like it. Let's try that whistling piece now. If Warner can stop talking long enough. Go ahead, I can't whistle."

Another Young Orpheus: "Get a per-simmon, Boss."

Boss: "Huh! Got too many now. Well, now, let's try this new one. Give us the key, Bob."

All sing: "A wful discord."

"Well it sounds something like that. Come on, now, quit talking and saw wood. Try it again."

Sing again.

"You almost had a tune that time. Here, you first bass, if you don't go do do da da dum, it goes da do da dum da da. Now try it again."

All sing again.

Well, I guess that will do for tonight. HEY! Don't run off with these books. You would think the place was on fire. Remember, practice next Thursday night. Say, you endmen and interloper, wait a minute. Have you got your jokes yet?"

First Endman: "I got a mess here, but I don't know how good they are."

Boss: "We'll try them out."

Int: "Say, Dones, does your father drink much?"

Bones: "No, he drinks whisky."

Dones: "Have you cut that one. You would shock some people to death around here."

Cracks some more.

Boss: "They will be all right, but talk slowly and sing in the morning and remember that if your joke don't get over with the audience, it will not do you any good, no matter how good it is. Well, get out of here now, and keep after those jokes, and don't throw a good one away because someone has heard it 'mebbe' the rest haven't and you won't get any joke that someone hasn't heard. Gosh all hemlock! It's ten minutes until nine and I have to rewrite those two pages the kid chewed up. Hurry up, so I can turn the lights out. Good night."

All: "Night Boss."

Tickets for the show may be had from almost any of the High School boys. The reservation will be at 4 o'clock, Monday evening, at Erman's Drug Store. The tickets are twenty-five cents and there is no extra charge for reservation.

### HIGH SCHOOL TONIGHT.

The Marcossion company, Sol Marcossion violinist, Mrs. Alice Shaw contralto, Mrs. Col Marcossion pianist, will give an entertainment on the high school gymnasium course this evening.

### FAMOUS CONTRALTO.

Carolina Lazzari, contralto find of the Chicago Grand Opera company, who is winning as many recalls as any, Gail Carol in New York this season, will be heard with the famous pianist, Rudolph Ganz on the evening of April 1st in Memorial hall, Columbus. They come in Miss Lazzari's quality series. Single seats may be had after March 25 at 56 Chamber of Commerce, Columbus.

### PARTY GUESTS WENT HUNGRY; BOYS GOT EATS

Pataskala, March 21. Probably plucked because they were not invited, some of the boys of the village planned to steal the refreshments intended for the party given by Miss Margaret Mead at her home here.

While the guests were being entertained in the front of the house, the invaders made way with the edibles. The hostess grabbed one young man as he was departing by way of the pantry window, but he got away from here.

Columbus, The sensation created in Neponset by the arrest of a young man in connection with the death of a young woman, has been increased by the fact that the young man is the son of a prominent family.

Columbus, Officials of the Neponset county were made to determine Thursday whether Charles Reser, whose death occurred at the Union hospital at Dover shortly after he was

found unconscious along the N. O. T. & L. tracks met his death from a street car accident or whether he was carried to the spot and placed there.

Coshocton—Grant Milburn, 35, Gendeburton, was instantly killed when he was struck by a Pennsylvania passenger train near Wolf's crossing east of Coshocton, Wednesday morning.

Mt. Vernon, Lloyd D. Levering, aged 50, died Wednesday afternoon at the home of his brother, Judge Frank Levering. The cause of his death was uraemic poisoning, brought on by a

knife cut in his hand, which he received last week.

Mt. Vernon—As a result of an X-ray examination made Wednesday afternoon at the Mt. Vernon hospital, the surgeon attending Miss Dorothy Gorsuch learned that her skull was not fractured in the automobile accident, south of the city, Tuesday afternoon.

Mt. Vernon—A meeting of the city board of health has been called for this evening at the office of Mayor Bair. It is rumored that the ban will probably be lifted and allow the churches to open on Sunday. The public and parochial schools will remain closed.

## PLAN GREAT OVATION FOR 166TH REGIMENT

The 166th regiment Rainbow division (formerly the Fourth O. N. G.) is coming home. Plans are now on foot to give these Ohio fighting men the welcome home they deserve. Every one who has a relative or loved one who has ever served with the 14th O. N. G., the 4th N. V. or the 166th, is called upon to participate in this welcome.

Beginning with the birth of the old 14th O. N. G. 1877, nearly every town in Ohio has at one time or another been interested in and connected with one of these organizations.

The 166th regiment Rainbow division is composed of men from nearly every city and town in the Buckeye state, therefore every town should be in on this welcome.

Business stops in Ohio on the day the boys get home to parade in Columbus. This will be a splendid, strictly military affair, participated in by every soldier or sailor who has ever served under the Stars and Stripes in any war.

The 14th Infantry 1877-1898, served in United States.

The 4th Infantry 1898-1917, served in the United States, Porto Rico and Mexico.

The 166th Infantry 1917-1919, served in France and Germany.

## NEW ACCESSORIES FIRM WILL BE OPENED HERE

A new firm, known as the Church Street Auto Accessories and Supply company, will occupy the Robinson room in West Church street, which was formerly occupied by the Oldsmobile agency.

The firm members are Harry Wyly of this city and Cal Sifford of Columbus. Sifford is the son of Rev. Mr. Sifford, former pastor of the First M. E. church in this city. He is located in Columbus as the owner and manager of the Buckeye Tire Supply company and will remain in Columbus. Wyly who will manage the new store here has been employed by the Fiske Rubber company of Columbus.

The firm will have a formal opening on April 12.

## PREPARE NOW FOR THE GLORIOUS HOME COMING

**H'E'S coming.** The boy for whose return you have constantly prayed is coming back to you. He is leaving the hard, dreary life of trench and camp to once more share the blessings of home. The comforts—the little luxuries—will all have a new meaning for him now. Can you do too much to give them to him?

**JUST think** how it will make him feel to find a home waiting for him that reflects greater comfort and cheer than the one he left! A new rocker for the living room, a new rug in the dining room—these things don't cost much here—but think what they will mean to him. Liberal credit makes the way easy.

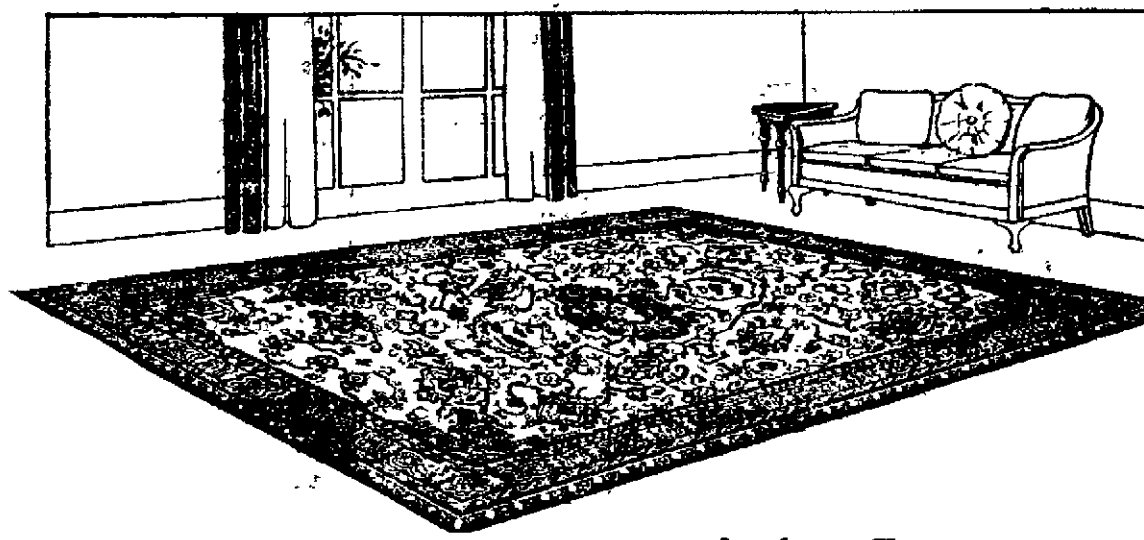

**You Can Save Money on Good Curtains \$4.98**

**DAINTY** curtains are among the most essential features of the home furnishing plan. Though but a small item from a standpoint of expense, their value in brightening the home is wonderful. An opportunity to select from so wide an assortment at these remarkably low prices is quite unusual.

## ORDINANCE NO. 2871.

By MR. PAUST.

An Ordinance Regulating the Gathering and Disposal of Garbage.

Be it ordained by the council of the city of Newark, State of Ohio:

Section 1. The word "Garbage" as herein used shall be taken to mean all kitchen refuse, vegetable matter, or anything whatsoever that will or may decompose and become offensive or dangerous to health.

Section 2. The term "Refuse" as herein used, shall be taken to mean dirt, chips, pieces of lumber, dead trees or branches, thereof, bottles, broken glass, crockery, tins, cans and wooden ware boxes, straw, grass, paper, circulars, hard hats, beads, shoes, or anything other or trash whatsoever.

Section 3. It shall be the duty of the person, firm or corporation having the contract for the collection of garbage to furnish each family or household creating garbage with a suitable metal garbage can not less than ten (10) gallons capacity, which shall be water tight, shall have a close fitting lid shall have two handles, and be placed on the premises owned or occupied by said person, at a place that can be easily reached by the garbage collector. The same shall not be used for the reception of garbage in more than one family, house, hotel, restaurant or hotel. All garbage created by or belonging to said persons, shall be deposited in said garbage cans, which shall be kept tightly covered at all times and said refuse shall be brought to the garbage dump in manner and form under the rules and regulations provided for.

Section 4. It shall be the duty of all property owners or tenants occupying any premises to provide a box or bin for the reception of any rubbish or garbage to be brought to the city dump ground by said property owners or tenants at their own expense.

Section 5. The Board of Health shall

advertise for bids for the collection of garbage in the Municipality during a period of not less than two (2) years nor more than five (5) years. The said Board of Health shall determine by resolution the time for which such garbage contract shall run, which time shall be specified in the advertisement for bids. Said advertisement shall be published in two (2) newspapers of opposite political affiliations in general circulation in the Municipality once a week for two (2) weeks.

Said contract shall be awarded to the highest and best bidder for the privilege of removing and hauling said garbage under and according to the terms of said contract; the amount so bid shall be paid in equal annual installments, in advance during the time of said contract. All money so paid shall be credited to the General Health Fund. The Board of Health is empowered to contract with the person, firm or corporation making the highest and best bid as herein specified for the removal of garbage for the period determined upon.

Before entering into a contract for the collection and removal of garbage the said Board of Health shall require said bidder to furnish a surety bond in the sum of Three Thousand (\$3000.00) dollars conditioned that said contractor shall collect and remove any garbage offered by the owner, tenant or occupant of any premises in good proper and lawful manner and in compliance with the ordinances of the City of Newark governing the same, and bond to be approved by the Mayor. At the expiration of the time during which said contract runs, the said Board of Health shall proceed to advertise and let a new contract in the same manner herein specified. Provided further that the Board of Health shall issue permits to any person or persons to haul garbage to points without the city limits from groceries, hotels, restaurants or fruit

stands in metal cans. All permits shall state the grocery, hotel, restaurant or fruit stand from which boiler shall haul garbage. The cans used in hauling garbage from such places shall be of a capacity of not less than ten (10) gallons, shall be kept covered at all times, shall be water tight, and shall be removed by person or persons holding permits to remove them, at least once a week. Said cans when containing garbage, shall not be emptied into any other containers but all garbage shall be removed in cans in which it is originally deposited, and at the time of such removal, any can which has been thoroughly washed and disinfected, shall be left in place of can so removed.

Section 6. The Board of Health shall have the right to dispose of his garbage on the premises which it originated by burning the same, method of disposing of the same herein last provided for, to be done without offense to the neighborhood or damage to the public health.

Section 7. The person, firm or corporation awarded the contract to collect and remove the garbage, shall for such purpose, provide themselves with sufficient number of metal garbage cans to supply all who apply for garbage collection, and cans shall not be less than ten (10) gallons in capacity, which can shall be made perfectly water tight and so as to prevent the escape of odor escaping therefrom. Garbage cans herein provided for shall be placed on premises for the reception of garbage shall be the contractor's to wash out and be kept in good condition and be kept in the neighborhood of the city limits from the collection of garbage in the city of Newark to the contractor, shall not exceed the sum of ten (10) cents per standard can of ten (10) gallons or a part thereof.

Section 8. The price to be charged for the collection of garbage in the city of Newark by the contractor, shall not exceed the sum of ten (10) cents per standard can of ten (10) gallons or a part thereof.

Section 9. It shall be the duty of the person, firm or corporation having the contract herein specified, for the

collection and removal of garbage to maintain an office either at the place of residence of said person, firm or corporation, or at some other place within the corporation limits with at least one telephone therein, which office shall be kept open and in charge of some person from 8 o'clock A. M. to 4 o'clock P. M. of each day except Sundays and legal holidays for the purpose of receiving calls for the collection and removal of garbage and the receiving of such information as may be conveyed to said contractor.

Section 10. The person, firm or corporation having the contract to collect garbage shall call once a week through out the year, at all places where garbage accumulates, and upon all persons, firms or corporations having garbage as aforesaid, and shall remove promptly and in a clean manner the cans containing garbage and shall at the same time leave another empty can on the premises to take the place of the can so removed; provided, that the person, firm or corporation having the contract to collect garbage shall call oftener than once a week if the owner, tenant or occupant of any premises shall so desire; provided further, that said contractors may, at their discretion, discontinue the service for such persons, firms or corporations as may be more than one month in arrears in their payments for such work.

Section 11. All garbage thus collected shall be conveyed and dumped by the person, firm or corporation, so collecting it at his or its own cost and expense in the place and manner approved by the Board of Health.

Section 12. The collection and removal of garbage as aforesaid, shall be conducted under the supervision, direction and control of the Board of Health and in strict conformity with the provisions of this ordinance.

Section 13. The price to be charged for the collection of garbage in the city of Newark by the contractor, shall not exceed the sum of ten (10) cents per standard can of ten (10) gallons or a part thereof.

Section 14. It shall be unlawful for any person or officer or officers of any corporation or corporation, to throw or deposit or cause to be thrown or deposited any rubbish or garbage on any vacant lot, public thoroughfare, street or alley, or public property, or any place whatsoever, except the place herein provided for.

Section 15. Any person or persons, officer or officers of any corporation, ship or corporation violating the provisions of section Three, Four, Five, Six, Seven, Eight, Nine, Eleven, Twelve, Thirteen or Fourteen of this ordinance, shall upon conviction thereof before the Mayor, be fined in any sum not exceeding Twenty five dollars (\$25.00) together with the cost of prosecution.

Section 16. Should the person, firm or corporation having the contract for the collection and removal of garbage at any time violate any of the provisions of this ordinance or fail to comply with any of the provisions or with the

provisions of the contract entered into as herein specified, The Board of Health after due notice in writing served upon said contractors fixing a time for the hearing, may after such hearing, for good and sufficient cause revoke and annul said contract, and thereafter advertise for bids and enter into a new contract in accordance with the provisions of this ordinance.

Section 17. All ordinances and parts of ordinances inconsistent herewith are hereby repealed.

Section 18. That this ordinance shall take effect and be in force from and after the earliest period allowed by law. Passed this 17 day of March, 1919.

R. L. WILLIAMS,  
President of Council.

Attest:  
GEO. H. HAMILTON,  
Clerk of Council.

Approved by the Mayor this 19th day of March, 1919.

H. A. ATHERTON,  
Mayor.

Millions Lost Every Year Through Grain Diseases.

(National Crop Improvement Service.)

Make a strainer by nailing a loose gunny sack in four sticks as shown. Mix one pound bottle of full strength formaldehyde in forty gallons of water. Fill a tub about half full of the solution, pour the wheat, oats or barley into the sack, allowing the smut balls, shriveled kernels and trash to rise to the surface and be skimmed off. Drain the grain and dump it upon a canvas; cover it with another canvas or blanket; leave covered several hours before drying thoroughly.

HOW TO TREAT BY SPRINKLING—OUTFIT REQUIRED.

A Large Canvas; a Barrel; a Sprinkling Can; Blankets or Sacks to Cover; a Rake and a Shovel.

MIX one pound of full strength formaldehyde in 40 gallons water in barrel. Spread the grain on clean canvas or in tight wagon box; sprinkle it with ordinary sprinkling can; rake in into pile; cover with blankets for several hours. Don't let it freeze while damp. This method is recommended for large amount of seed.

United States department of agriculture has a new bulletin on smut. Send for it.

ARE YOUR GRAIN TROUBLES ANSWERED IN THE FOLLOWING PARAGRAPHS, OR DO YOU HAVE OTHERS?

1. Question. Is formaldehyde as good (effective) in the treatment of cereal smuts as copper sulfate (blue vitriol)?

Answer. Formaldehyde is better than copper sulfate for treating grain. Formaldehyde costs one-sixth as much as copper sulfate and experiments have shown that the seed are less apt to be injured by formaldehyde.

2. Question. What strength formaldehyde should be used?

Answer. Forty per cent formaldehyde solution procured at any drug store at the rate of one pint to 40 gallons of water.

3. Question. Is the method of sprinkling formaldehyde on the grain effective?

Answer. If the grain has been thoroughly cleaned in a fan mill the sprinkle method is all right. However, if your grain contains smut balls, which can be removed by a fan mill, it is a waste

of time to use the sprinkle method. If you do not have a fan mill, use the open tank method and skim off the smut balls.

4. Question. I treated with formaldehyde and had just as much smut as I had the year before, when I did not treat at all. How do you account for this?

Answer. This is a question which is commonly asked. Perhaps the grain was not covered for the required time after treatment, or perhaps it contained smut balls which were not removed before treating, or maybe the grain was not dipped for long enough time.

5. Question. Will formaldehyde control all smuts?

Answer. No. Corn smut and loose smut of wheat and barley are not controlled by formaldehyde treatments. The reasons why these smuts are not controlled by formaldehyde are: The corn smut organism lives over in the soil and the loose smut organisms of wheat and barley live inside the grain, so in either case disinfection with formaldehyde is of no avail.—James Goodkin, Colorado Agricultural College, Fort Collins, Colorado.

## CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Look, Mother! See if tongue is coated, breath hot or stomach sour.

"California Syrup of Figs" can't harm tender stomach liver, bowels.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish, or breath is bad, stomach sour, look at the tongue, mother! If coated, take a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels and you have a well, playful child again. When the little system is full of cold, throat sore, has stomach ache, diarrhoea, indigestion, colic—remember a good "stomach cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a bottle of "California Syrup of Figs," which has been used for babies, children of all ages and grown-ups for over 30 years. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

#### CAPTAIN WAS "GOOD FELLOW"

Otherwise Privates Might Have Found Their Playfulness to Be a Serious Matter.

While serving at Fort Sill, Okla., I was quartered with a Texas cowboy, and he would often amuse himself hours at a time with his lasso. One favorite stunt was to stand in the door of his tent after taps, when all was dark and quiet, and throw his rope around the foot of some unsuspecting comrade returning from town, drawing him into the tent, where he would flash a light into his face, frightening the poor fellow unmercifully.

One night at his game an unusually large fellow was caught and he whispered to me to help drag him in, which I cheerfully did. The big fellow came into the tent on his back, swearing with all his might. We threw the light into his face with a laugh and were greeted with the two shining bars of our captain! I lost no time in getting outside of the tent, and suppose my brave cow-puncher disappeared in some such way. For days we could picture ourselves behind bars at Fort Leavenworth, and upon being called to the captain's tent a week later all hope faded. Right here I wish to declare our captain a good fellow, as we were dismissed with a reprimand and a request that the performance never be repeated.—Detroit Free Press.

#### CZAR TO LIVE IN LEGEND

World May Look for All Sorts of Tales Concerning Autocrat of All the Russias.

The czar of Russia is lost in legend. Unless he shall again appear definitely in the flesh, so that his identity may be positively established before all the world, the question of his fate will be always disputed. He will take his place in the list with the lost dauphin of France, who is supposed to have lived a quiet life in America after being spirited away, and with "John Ord," a brother of Franz Josef, who renounced his title and sailed away in a vessel reported lost with all hands, but who is supposed to be living incognito on an obscure, palm-shaded island, far from the reach of the turmoil that marked the last days of the Hapsburg court.

As a result of the conflicting stories now being circulated regarding the czar, the public mind is already divided as to whether a bolshevik bullet really ended his life or whether the Count Tatischev, the emperor's personal military attaché, with a supreme devotion to duty, died in his master's stead. Only the clearing up of the mystery can prevent the reports years hence that in the death of some obscure old man of foreign appearance the end has finally come to him who was once Autocrat of All the Russias.

Roosevelt and Jiu Jitsu. At Professor Kano's jiu jitsu academy in Tokyo many years later I met Professor Yamashita, who had taught the Japanese art to President Roosevelt in Washington three times a week for three years.

The president, he said, was his best pupil, but also his most dangerous. "Very heavy, very strong, very impetuous, he always attacked as if he was going to kill me. Oh, many bruises, much worry, great trouble, I assure you."

"I could not tell him. It is not jiu jitsu to complain, but when he would get me almost killed my trouble was to save my life without hurting him. No matter how madly he attacked I could not hurt. I could not kill the president of the United States. That was my point of honor."—J. I. C. Clark, in New York Evening Post.

Airplane Freight Carrier. The airplane has proved its success as a carrier of mail; and in the Southwest, where most of the army's flying fields were laid out, airplanes are used daily for all-round utility business. A recent report from a Texas field tells of a pilot flying 125 miles from a practice field to the wing headquarters and carrying as a prisoner a watchman who had fallen asleep on duty. Upon his return trip to the camp he carried \$2,500 in pay vouchers, 100 pounds of bread, four airplane wheels, landing gear and struts. In addition he tucked in a large bundle of papers and magazines and a pouch full of mail.—Earl N. Findley in Red Cross Magazine.

Bagpipes in Brussels. The Daily Telegraph in its account of the entry into Brussels of King Albert says: The Yanks came first in the military cortege which followed the royal party. Then came the French. An interval of 200 yards, and a silence, and then a sound strange to the Brusselsers, the skirl of bagpipes blown by thirty Highlanders leading the way for a company of their killed comrades. The Scotsmen, let it be recorded, had the success of destiny of the parade. How the ladies waved their handkerchiefs as the Highlanders swung past, and how everybody voiced his and her admiration for these stalwart men.

Parade of White Caps. Quite unique to Cardiff, Wales, is the daily breakfast parade of the "white caps." The United States sailors and marines stationed in Cardiff are paraded every morning in batches at the castle street corner of West gate street, and thence march to different restaurants and hotels for breakfast. The operation is repeated for the midday meal and for tea. But the earlier parade is the more noticeable, because the otherwise deserted streets are given an unwanted appearance of liveliness.—London Mail.

#### MAKING CITIZENS OF ALIENS

Excellent Work Done Through Classes Conducted Under Auspices of Bureau of Naturalization.

Many aliens who enter the naturalization courts as candidates for citizenship are much better grounded in the knowledge of American government and institutions than the average native of this country. Indeed, some aliens are able to answer questions that the judges themselves are not able to answer off-hand.

The reason for their excellent knowledge of the American government lies in the care taken by the citizenship classes, now conducted in public schools throughout the country by the bureau of naturalization, department of labor, to inculcate thorough familiarity with the institutions of the land of their adoption. The courses given by these classes are designed to raise the standard of citizenship by insuring a preparation adequate to meet the requirements of the most exacting state laws.

Naturalization is a somewhat complicated process at best, for not only must the alien satisfy the requirements of the state in which he expects citizenship, but he must also meet the demands of the naturalization court, which has the right to reject his application, at its own discretion.

The citizenship classes aim to make the way to citizenship as easy as possible for men and women who are willing to fit themselves for it.—Grit.

#### SPRUCING UP UNDER FIRE

Soldier in the Trenches Wielded Razor While Enemy Shells Were Passing Above Him.

The sailor who can shave himself in a storm has found his match in the soldier Walter Ehrman, a Kansas City man, saw at the Argonne front. Ehrman was with a medical corps and as he passed into No Man's Land with the stretcher bearers, he noticed a youth in khaki hiding in a shell hole.

"He had a mirror between his knees," writes Ehrman, "and he was intermittently shaving himself. Which is to say, that, between acts, he'd mow a section of his face. Whenever a shell would come over he would duck expertly, only to resume his interrupted task in moments of what you might call peace."

"Hey, buddie, do you need a shave that bad? I asked him.

"Aw, my mug's so blame dirty, had to have it," was his reply.

"And here's another: One of our medics found a pair of hair clippers on the field, and while he was waiting in a shell hole with a doughboy until an enemy barrage should light up, he clipped that doughboy's hair as nice and stylish as you please, till they'd hardly let him in when he returned to the trench, he looked that different."

#### Tim Healy's Wit.

The resignation of Tim Healy from parliament, says a writer in Tit-Bits, means that the house will lose its greatest wit. I recall, from his inexhaustible list of witticisms, his description of a bill to which he objected as the offspring of "a headache of the Irish office," while he once declared that the making of the late Sir Henry Campbell-Bannerman into chief secretary was an attempt to govern Ireland with Scotch jokes. One of Tim's most exquisite imaginings, however, was during a divorce case, when he said that "the spectacle of his learned friend's client crying in the witness box was the greatest miracle that had ever happened since Moses drew water from the rock."

#### Ministry of Knitters.

With real regret a good many of our ladies will lay aside their knitting needles at the word that their industry has supplied the immediate needs of the soldiers and sailors. Their record of millions of sweaters, helmets and other protective gear is unexampled in the history of the world, and will be immortal in the grateful memories of the returning heroes. These knitters did not need to begin their lesson of thought for others when they took up knitting. But having kept it at the forefront of attention for so long, they will certainly be eager to find other means of thoughtful ministry.—Congregationalist and Advance.

#### Was Good to See Her.

Mrs. William K. Vanderbilt, who is home on a furlough after four years of service in France, where she has been for the last 18 months, directress of canteens for the Red Cross, was just about to enter a New York shop the other day when she felt some one touching her arm. Turning, she was face to face with two husky doughboys that she had helped to nurse back to health in one of the convalescent homes in France. "Mrs. Vanderbilt," one exclaimed while both extended rough, work-hardened hands, "It's sure good to see you again. We don't forget old friends like you."

#### Kaiser's Sublime Vanity.

Of the innumerable stories told of the ex-kaiser's vanity none surpasses one concerning a little incident that took place on board a British warship a few years ago. The recently deposed emperor was being entertained at dinner during a visit to the British fleet, and when smoking began took up a cigar and looked around for a cutter. One of the hands, an officer immediately offered him a pen knife, which William used and returned with the solemn remark, "Keep it and guard it well; one day it will be historic."

In the U. S. National Bank will be no place for lobbyists.

## For Constipation! Physic Purge or Laxative?

Everyone now and then becomes constipated, and millions are chronically in that condition. The perplexing question arises—what to use.

Purgatives and cathartics are drastic and usually cause a reaction. Saline waters are rapid in action but do no more than empty the bowels.

Just as certain an effect, and certainly a much more pleasant one, can be obtained by the use of a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin. It acts gently, without griping. It is an especially ideal medicine for children, women, old people and others who find purges too powerful.

Only a teaspoonful is required, and by morning the movement is free and complete. A bottle in the house is insurance for the whole family against constipation, indigestion, headaches, flatulency and other digestive ills.

The druggist will refund your money if it fails to do as promised.

PRICE AS ALWAYS

In spite of greatly increased laboratory costs due to the war, by sacrificing profits and absorbing war taxes we have maintained the price at which this family laxative has been sold by druggists for the past 25 years. Two sizes—50c and \$1.00.

Nell—"She certainly knows all the new wrinkles." Belle—"Yes, she used to work in one of those beauty parlors."

**Teeth and Beauty.**

The smile of youth may be seen on the woman who has perfect teeth, no matter how many years of life she has lived. A set of naturally perfect teeth is worth untold wealth and few are blessed with such a gift. Much can be done, however, to ensure sound, even, white teeth in childhood. During childhood the teeth demand particular care and attention, as at that period they are easily affected by violence, being meddled with and improper use, by which their beauty, regularity and strength may be permanently impaired.

**WAR SAVINGS STAMPS**

The sale of War Savings Stamps in Licking county for the year 1919 will pass the \$100,000 mark this week.

See the names of Licking county soldiers and sailors posted upon the Court House park bulletin boards. If your soldier or sailor friend's name does not appear upon the list get a Licking War Savings Stamp application blank. It is easy to obtain (please) for the purchase of \$500 worth of W. S. S.

Students in session room No. 15 Newark high school have just organized a Licking War Savings Stamp club for Leo Christman, 111 Maholm street, who is now at Bordeaux, France. The W. S. S. pledge in Christman's honor is signed by 39 students for amounts ranging from \$5 to \$25. As soon as Leo Christman's correct address is received by the W. S. S. committee a letter will be sent to him together with a list of those who have pledged to buy stamps in his honor.

Because of an accident and serious injury to the pilot at Cincinnati, the War Savings Stamp airplane will not come to Newark Saturday as previously advertised. The committee hopes to secure another plane at a later date.

Mrs. C. J. Loveless of Granville, a member of last year's \$1000 War Savings Society has duplicated her purchase of 200 W. S. S. this year.

William F. Elber, the tailor, has completed the organization of the Sewing Society "Bring 'Em Back" club by securing pledges for \$500 worth of War Savings Stamps. The W. S. S. committee desires the present address of Sergeant Simpson in order that notice may be sent to him. Telephone 20124.

**Our Boys and Girls**

Train your little ones to be helpful. Teach them also to have consideration for the comfort, pleasure and convenience of others, especially their elders. Teach them to respect old age and also to look out for the very young. In this way you will be developing the better side of their nature, and you will be fitting them for present as well as for future usefulness. Remember that people who are the mother or father who have consideration for others by teaching their children consideration.

Every child in the household, old enough to help, should be given some small share in the day's work. In a family where there is but one maid-of-all-work or perhaps none at all, there are many duties which the children can perform. Little people, as a rule, like to be busy, and will really enjoy helping. At the same time their duties should be light and they should be varied once in a while.

It is not well to give them the same thing to do every day no matter how well they do it. Such a course will afford but little scope for the exercise of their many faculties. When the work is varied they soon learn to do a number of things readily and well.

**GREATEST DANGER FROM INFLUENZA**

The greatest danger from an attack of the grip, or influenza, is after the acute stage is over when the lowered vitality makes the system an easy prey for any germ disease to which it is exposed. The debility resulting from an attack of the grip is so persistent that, if the blood is not built up and the strength restored, it may last for months and years. That this is unnecessary is shown by the experience of Mrs. Laura M. Van Scoy, who lives at No. 20 1/2 Thorpe street, Danbury, Conn. She says:

"I had a severe attack of grip, and before I had fully recovered rheumatism set in and tormented me for three months. I was in a badly run-down state. Soon after it began I was so lame for a week that I could hardly walk. It kept growing steadily worse and pretty soon I actually couldn't walk. At last I had to give up completely and for three weeks I was obliged to keep to my bed. My knees were so stiff I couldn't bend them and my hands were perfectly helpless. Then the pains began to threaten my heart and thoroughly alarmed me."

"While I was suffering this way I chanced to run across a little book that told about the merits of Dr. Williams' Pink Pills. The statements in it impressed me and led me to buy a box. These pills proved the very thing I needed. Improvement set in as soon as I began to take them, and it was very marked by the time I had finished the first box. Four boxes made me a well woman."

## AMUSEMENTS

## AUDITORIUM.

**The Shadow of Suspicion.**  
Harold Lockwood, who plays the starring role in "The Shadow of Suspicion," the Screen Classics production which will be the feature at the Auditorium theatre today and Saturday, excels both as a comedian and as an actor of romantic roles. His dramatic debut was made soon after his college graduation and his rise to fame was unusually rapid.

After a short but triumphant stage career he turned his versatile talents to the screen, where he created a large and admiring following. Mr. Lockwood became leading man for Mary Pickford in "Tess of the Storm Country," "Such a Little Queen" and many others, after which he appeared with Marjorie Clark in "Wild Flowers." Seeing a rising star in the young actor Metro soon claimed him and he was made a co-star with May Allison and together they were seen in many notable productions. His unusual talents were soon recognized and he was made a Screen Classics star, becoming in this manner one of the few male stars to be seen in de luxe productions. Pathé News, as usual, is an added feature.

## Morning Matinee for Kiddies.

Manager Fenberg takes an unusual method in introducing Miss Mabel Normand, noted screen star, who perhaps is well remembered for her work with Charlie Chaplin earlier in his career, and who is now appearing on the Goldwyn program and will only be

shown at Manager Fenberg's theatres in Newark. He will give a special morning matinee, commencing at 10:30 o'clock Saturday morning at the Auditorium, at which time Miss Normand will be screened in her first Goldwyn feature, "Peck's Bad Girl." Children adore Mabel Normand and they love her mischievous pranks and sparkling humor. She gives these in double measure in "Peck's Bad Girl," and Mr. Fenberg personally begs parents to let their children attend this performance, because the comedy in "Peck's Bad Girl" is rich and brilliant, clean and wholesome. The price at the Auditorium tomorrow morning will be 10 cents, which covers admission and war tax, and besides that he will give each child a sack of candy, so that two treats are served in one. Special attention will be paid by the management to the safety of the children, and parents can feel assured that their children will be given the best of care while at the theatre.

## The Scarlet Shadow.

Mae Murray, star of such well known successes as "The Ladies Awakening," "After Body in Bond," "Modern Love" and "Danger, Go Slow," comes to the Auditorium Sunday in her newest Universal special attraction, "The Scarlet Shadow."

She is seen as Mina Evans, a demure little courtier girl with love of frolic in her makeup, but who is constantly kept from contact with the world by a maiden aunt because of a

supposed "scarlet stain" in the life of her dead mother.

The dull monotony of life in a New England country village ceases for her when an adventurous college boy persuades her to sneak out of her room for a visit to the movies. Returning, he crawls into her bedroom to help her in the window and the maiden aunt discovers the pair in this compromising situation.

Circumstantial evidence is against them, and the next morning she is marching the suspected culprit to the office of the justice of the peace for a hasty marriage, when the boy's uncle appears. He stops the wedding, but Mina is turned out in disgrace and comes to live in New York at the home of her young lover and his mother.

## The Life Mask.

Mme. Petrova, noted screen and vaudeville actress, known personally to many in Newark, will be screened at the Auditorium next Monday and Tuesday in a First National feature, "The Life Mask." One of the exterior scenes introduces the entire Red Cross chapter of Florida as a background during the major part of the story. These scenes were filmed under the direction of Frank Crane at Miami. Shortly after the Polish star's arrival in the Southern town she immediately interested herself in the important work which the Red Cross chapter of Southeast Florida is doing for the Medical division of the government. In return for this assistance, Mrs. Henry B. Naylor, president of the chapter, offered the services of her entire force of workers for use by Mr. Petrova in the Petrova film. As a result, all of the members of the Royal Palm Auxiliary of the Southeast Florida Red Cross chapter took part in many of the scenes with the famous picture star, giving a very necessary and desirable atmosphere to the working out of the story told in "The Life Mask."

Madame Petrova is extremely proud of the patriotic atmosphere given to the various scenes of "The Life Mask," in which the Red Cross workers have appeared.

Manager Fenberg offers a special musical entertainment in Domingo's Filipino Serenaders with the picture.

## Filipino Serenaders.

Manager Fenberg is trying an experiment and the general public will gain in entertainment for during the showing of Madame Petrova at the Auditorium Monday he has engaged Domingo's Filipino Serenaders, who will present a musical entertainment called "A Night in the Philippines." There are seven members of this troupe, all being natives direct from Manila, P. I.

If this arrangement of entertainment proves successful, Newark showgoers may see pictures intermingled with high class vaudeville next season.

Mark Twain once said regarding the music of the Hawaiians and Filipinos: "Their music, the most fascinating in the world, haunts me. I can still hear the pulsing of the surf of Waikiki, see the plucky drowsing by the shore, the

for her child—is the keynote of "Every Mother's Son," the big William Fox photo-spectacle which comes to the Alhambra theatre next Monday and Tuesday.

Interwoven with the touching drama of an American woman who gives her husband and three sons to her country is a thrilling patriotic story of the great draft of the battle fields, of the final peace conference and of the days of reconstruction. Nor has the director, R. A. Walsh, neglected to include a pretty romance, Charlotte Walker, the well known stage star, portrays the wife, and mother who makes the great sacrifice for her country.

Now Is The Time to Get Rid of These Ugly Spots.

Do you know how easy it is to remove these ugly spots so that no one will call you freckle-face?

Simply get an ounce of Othine, double strength, from your druggist and a few applications should show you how easy it is to rid yourself of freckles and get a beautiful complexion. The sun and winds of March have a strong tendency to bring out freckles, and as a result more Othine is sold in this month. Be sure to ask for the double strength Othine, as this is sold under guarantee of money back if it fails to remove the freckles. Adv.

## "BALMWORT" PLEASES MANY

Hundreds of thousands are afflicted with irregularities of the kidneys, urinary passage and bladder. Thousands have found true comfort and benefit using Balmwort Kidney Tablets, sold by all druggists. Mrs. Frank Morlan, 1419 Penrose St., St. Louis, writes: "I am taking Balmwort Kidney Tablets and must say they are the finest thing on the market and I feel I could not live if I had to be without them."

## In Old Kentucky.

The War Savings Stamps are the favorite way of saving money by the pickaninies with "In Old Kentucky," and it is surprising the amount these boys have accumulated. The manager offers a prize each week to the one who can show the most stamps, and the owners of the show, Rowland, Clifford & Gatts, have offered a Liberty Bond at the end of the season to the "Pick" who can show the most War Savings Stamps.

These dusky sons of Ham are one of the many bright spots in this grand old play, which comes to the Auditorium next week.

## ALHAMBRA.

## "Peck's Bad Girl."

To say that Mabel Normand is delighted with her newest Goldwyn feature, "Peck's Bad Girl," parts of which permit her to be the carefree girl of old—with pranks that bring down upon her the wrath of the entire village of Yaptank—is putting it mildly. Full of typical Mabel Normand comic situations, "Peck's Bad Girl," which comes to the Alhambra theatre today and over Saturday, is certain to please the Goldwyn star's terminally following, hundreds of whom have sent her letters pleading that she present herself before them in a role somewhat similar to those that only a few years back stamped her as the world's greatest screen comedienne.

"Peck's Bad Girl," however, is a comedy drama. While it gives Mabel Normand endless opportunities to sport in uproariously funny situations, it also brings to the forefront her splendid dramatic talents in a combination that without doubt supplies the picture artist with a play that affords her public his greatest treat.

## "Her Inspiration."

"Her Inspiration," which is the next picture in which Miss Allison will be seen at the Alhambra theatre, deals with an old and a young lover's story in a melodramatic new and original way.

This Metro play will transport the beholder into the heart of the Kentucky hills, right into a rural idyll, a tale of the moonshiners. Here Kate is a fascinating young heartbreaker who meets Harold Montague, a bright in search for the origins of his job. A romance in the beautiful surroundings—the wild country free from any city conventions—is evoked, but she is a barefoot girl and a man such as his profession is seen Sunday.

They ought to, for constipation makes the body retain waste matters and impurities that undermine the health and play havoc with the entire system. Dr. King's New Life Pills are reliable and mild in action. All druggists. 25c.

### Don't Let Soap Spoil Your Hair

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mul-ti-fied coconut oil, for this is pure and entirely greaseless. It is very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Dandruff, it loosens and takes out every particle of dust, dirt and gandruff.

### FLAUNT WEALTH DUE TO WAR

Extravagances Indulged in by Japan's "Newly Rich" Have Brought Forth Bitter Condemnation.

Mr. Shiori, a Tokyo barrister, in the Horitsu Shimbu (Law Journal) refers to some remarkable examples of the extravagance indulged in by certain "narrikin." It is said that a well-known mine owner in Kyushu gave a dinner party in Tokyo recently to 50 guests at 300 yen a head. The caterer, somewhat at a loss to know how to "go the limit," provided a "go-sha" for each guest, engaging all the most expensive members of the profession who were available.

A Kobe "narrikin" entertained some guests to dinner at a Tokyo restaurant the other day, the cost per head being 100 yen. A "tuna-narrikin," during a stay at Ikao, ordered by telephone from a Tokyo restaurant two dishes of "unocodomburi" on condition that the food should arrive hot after traveling about 100 miles. The proprietor of the restaurant took the order, engaged a motorcar, fixed up a "bibachi" to keep the food hot, and delivered the goods at the mountain resort in two hours and a half, returning with 200 yen in his pocket.

Mr. Shiori fears there will be many more cases of crazy waste of money by "narrikin," who, he says, are stingy enough in donating money for the relief of the poor or sufferers from calamities. "They are simply madmen whose actions corrupt public manners and morals."

The Tokyo barrister thinks that just as it was legal under the feudal system to confiscate the property of such swollen-headed men, it would be advisable today to levy a heavy impost upon them so that they may be prevented from repeating such foolish actions as those referred to.

### COULD NOT SEE BEE-BOMBS

Washington Authorities Turned Down Suggestion That Was Made in Perfect Seriousness.

It would be hard to say which of the many impractical suggestions toward "winning the war" that occurred to individuals and were submitted to Washington was the most imaginative, but conscripting the busy bees certainly deserves honorable mention. Enormous numbers of these melleiferous or anthophilous aculeate hymenopterous insects, as the dictionary calls them, were to be distributed by airplanes over the enemy trenches, presumably by dropping what might be called bee-bombs, and the confusion that would follow may easily be imagined by anybody who has ever got into trouble with a single beehive. But the military experts failed to see the utility of the scheme. Perhaps they foresaw that the enemy would promptly provide himself with netting and devise bee-armor. The aviators who distributed the bee-bombs would naturally have been called apiators. The idea was ridiculous, but let those laugh who have never thought of something that seemed sensible in the evening and absurd next morning.

### HOW TO TRAP SUCCESSFULLY

Two Ways of Taking the Wary Mink—Snare Into Which "Brer Fox" May Fall.

If a mink makes a hole through a snowdrift he will use it again and a trap set in it will catch him.

After cold weather sets in, when setting in shallow water for mink, choose a place where the current runs swiftly and is not likely to freeze up.

When trapping foxes use a No. 2 double spring trap. This style of trap is known as "the fox trap."

If you wish to be real foxy and cunning yourself, try setting three traps, one in an old path without any covering, and one on each side, skillfully covered. The fox will give all his attention to the uncovered trap and by going around it may step into one of those on the side.

It is not much use to try to trap foxes or any other such wary animal without a good scent.

An ear of corn stuck in the mud near a trap makes an excellent bait for 'coon.

One of the best places to look for 'coon signs is in a cornfield.

### Marie's American Anthem.

In far away France little Marie, aged six, visited the Red Cross hospital near her home every day, and became very popular with the convalescent American soldiers there. She soon became very good friends with the soldiers and they delighted to teach her scraps of English. When they sang she joined them in their American songs. One day, in Marie's school, teacher asked her class the title of America's national anthem. The class looked blank, until Marie, with a flash of inspiration, jumped to her feet and announced, "Hail! Hail! the Gang's All Here," in quaint, rolling English.

### Heating the House.

The proper temperature for various rooms of the home are as follows: The living room should be 70 degrees, no more. It should be occasionally aired so that it does not become close, but the doors should be kept closed into the hall. The dining room and kitchen should be heated to 65 degrees. Most kitchens rise higher than that. The bedrooms should be heated not at all, except for the little time that the occupants use them for dressing. The bathroom should be made as warm as you choose and the halls should be given no special heat, as we are always exercising when we are going through them.

### Aluminum Coins.

Africa has adopted the aluminum coin. Nearly 32,000,000 coins of that metal have been struck from the British mint for circulation in Uganda and the Nigerian protectorate. Each coin bears the value either of 1 cent or of 2 mills.

They are perforated in the center like Chinese coins, in order that the natives may string them together. Bronze coins are in wide circulation on the west coast of Africa.

In the interior small shells known as cowries are used as fractional currency. It is to replace the cowries that the new coins have been struck.

### France's First Lady Mayoreas.

In Mme. d'Evry France possesses her first lady mayoreas. The commune which unanimously appointed her as its representative is Nampcel, a little commune of the Aisne. Mme. d'Evry attended the general meeting of the mayors of the army zone held in Paris recently. She had a moving tale to tell of a village completely destroyed by the Germans, and of a population, or what is left of it, living in the cellars or in the ruins capable of affording some kind of shelter. Mme. d'Evry, in simple, eloquent language, did full justice to her theme.

### Thoughtless Reconstruction.

Senator Watson, the head of the committee on reconstruction, said in an interview.

"Hasty reconstruction is apt to be thoughtless and bad. It is like the young drug salesman.

"A lady approached this young salesman and asked him to sell her a bottle of medicine. He said: 'My heart is falling out. Can you give me anything for it?'

"'You bet,' said the salesman heartily. 'How about this handsome hair receiver at one forty-nine?'

### Clever Engineering Feat.

Dissecting long boats so that they could be taken through the Welland canal was considered an interesting feat a short time ago, but this has been surpassed, according to the Popular Mechanics Magazine. The Charles R. Van Hise, a 100,000-ton boat, was carried for Atlantic service. It had a 40-foot beam, whereas the canal is only 44 feet wide. The boat was cut in two and each half was turned on its side in order to be taken through the locks. Floating in this position each section cleared the lock sides by just 8 inches.

### Thinks Many Will Fly.

The principal of one of the chief American schools for airplane mechanics thinks that flying is going to be the next great American amusement. He thinks that a great many young men of large wealth who have shown an interest in aviation will be shown to the skies and sportmen. They can afford to buy and maintain their own machines and having become accustomed to a speed of a hundred and fifty miles an hour, will find the ordinary modes of travel tame.—Youth's Companion.

### PROOF OF BIBLICAL TRUTH

Religious Writer Points Out Parallel Between Germany and the Recorded Fall of Man.

The world war has brought to the fore striking illustrations of the truth of Bible doctrines as usually interpreted by what is called the old theology. Glance for a moment at some of the old Bible truths that the war has illustrated and vindicated.

Take, for example, the fall of man as recounted in Genesis. Some have had difficulty with this fundamental doctrine of the Bible. I was talking a short time ago with a brilliant young college man, steeped in the scientific skepticism of the age, and he said:

"But, doctor, think how irrational is the theory that man fell in a garden, just created by an all-wise and all-powerful God!"

I replied by pointing out the very interesting fact that modern Germany also fell in a garden. There was not a country upon the earth more blest and prosperous than Germany. Her progress in all lines, except morals and spirituality, had been marvelous. If she had remained true to right ideals she would have gone on undoubtedly into the leadership of the whole earth. But even in that garden of prosperity and peace the devil of selfishness, untruth and false ambition entered, and the ruling classes fell, and, like the fall in Eden, carried others down with them.—Dr. John Roach Straton in Christian Herald.

### Measuring Earth's Temperature.

A novel but simple method of measuring earth temperature has been successfully tried at a depth of 5,302 feet, that of the bottom of the bore-hole of St. Jean d'Herans, the deepest in France. Two exactly similar centigrade thermometers were cut off at 40 degrees, and compared with a third thermometer to show that the indications were not affected. The shortened instruments were fixed in opposite positions—one inverted and the other erect—in a simple sheath. Lowered into the hole, they were then kept one hour at the bottom to acquire the rock temperature, and as this was above 40 degrees, some of the mercury was forced from the tubes. On being withdrawn, the tubes were gradually heated in a water-bath until the mercury just filled them, which the standard thermometer showed was at 62.5 degrees in each. The surface temperature being 12.5 degrees, the earth increase was one degree for each 106 feet of depth.

## AUTOISTS WANT SPEED LAW CHANGED BY ACT

(ASSOCIATED PRESS TELEGRAM)

Columbus, March 21.—Repeal of the present automobile speed law limiting operation of motor vehicles to eight miles an hour in business districts of cities, 15 miles in other portions and 25 miles outside municipalities, is proposed in a bill brought to the capitol yesterday by officers of the Ohio Automobile association for introduction in the legislature.

Substituted for present speed regulations is a provision that motor vehicles shall not be operated on the public highway "at a greater speed than is reasonable and proper, having regard for width, use and general rules of such highway, or so as to endanger the property, life or limb of any person." A speed of 30 miles an hour for one-eighth of a mile is to be considered dangerous.

### MINERS WANT 6-HOUR DAY AND MORE PAY

(ASSOCIATED PRESS TELEGRAM)

Indianapolis, March 21.—All recommendations for a six-hour day, five-day week, increase in wages, and nationalization of coal mines, made by Frank J. Hayes, president of the United Mine Workers of America, were concurred in by the sub-committee of the general policy committee, in its report to the full committee late yesterday. The policy committee met here this afternoon to receive and act on the report.

### FIFTH LOAN IS MOST ESSENTIAL CONCERN OF MOMENT SAY GOVERNORS

The governors of our states and the mayors of our cities are with us without reserve. They regard the oversubscription of the Victory Liberty Loan as the most patriotic, essential concern of the moment.

At their conference at Washington, March 4th, they adopted the following resolution:

Whereas, We, the governors and principal cities of the United States, in conference at the White House, Washington, D. C., believe that our nation is on the eve of phenomenal business and industrial expansion, and

Whereas, We are convinced that an immediate common purpose to which we should bend our effort is the overwhelming success of the Victory Liberty Loan there-fore be it

Resolved, that we earnestly urge all citizens of this country to look upon the success of the Victory Liberty Loan as the most patriotic, essential concern of the moment; that they begin at once to prepare for making subscriptions as large as their finances permit; and that each one do his part to insure an oversubscription such as will commend the admiration of the world for the peoples of the United States.

Veteran Tells Druggist What Wonders Nerv-Worth Worked for His Health.

Here is another of those eloquent Nerv-Worth statements from a grateful veteran at the Sandusky home. It merits close attention. Said Mr. Soiton to Sandusky's Nerv-Worth druggist: "I have taken one bottle of your medicine, Nerv-Worth, and find I have derived great benefits from it. I can now sleep and eat and feel like a new man and I highly recommend it to all nervous and run-down sufferers."

"Yours respectfully,"  
"J. F. SOITON."

Nerv-Worth calms the nerves, whets the appetite, adds flesh, aids digestion, restores the liver, regulates the bowels, restores restful sleep, banishes sick and nervous headaches and other aches and pains, builds up run-down systems. If it fails to do this for you your dollar back at the T. J. Evans drug store.

## Mothers' Advice

The responsibility for a daughter's future largely rests with the mother. The right influence and the information which is of vital interest to the daughter imparted at the proper time has not only saved the life but insured the success of many a beautiful girl. When a girl's thoughts become sluggish with headaches, dizziness, or a disposition to sleep, pains in back or lower limbs and a desire for solitude, her mother should come to her aid and remember that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, will at this time prepare the system for the coming change and start this trying period in a young girl's life without pain or irregularities. Thousands of women residing in every part of the United States bear willing testimony to the wonderful virtues of this medicine, and what it has done for their daughters.

Brooklyn, N. Y.—"I cannot praise Lydia E. Pinkham's Vegetable Compound enough for what it has done for my daughter. She was 15 years of age, very sickly and pale and she had to stay home from school most of the time. She suffered agonies from backache and dizziness and was without appetite. For 3 months she was under the doctor's care and got no better, always complaining about her back and side aching so I did not know what to do. I read in the papers about your wonderful medicine so I made up my mind to try it. She has taken five bottles of Lydia E. Pinkham's Vegetable Compound and doesn't complain any more with her back and side aching. She has gained in weight and feels much better. I recommend Lydia E. Pinkham's Vegetable Compound to all mothers and daughters."—Mrs. M. Finkens, 514 Marcy Avenue, Brooklyn, N. Y.

### TO RELIEVE CATARRH, CATARRHAL DEAFNESS AND HEAD NOISES

Persons suffering from catarrhal deafness, or who are growing hard of hearing and have head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from their ear. Therefore, if you know of someone who is troubled, with head noises or catarrhal deafness, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Parmit (Double Strength). Take this home and add to it 1-4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

Parmit is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results it gives are nearly always quick and effective.

Every person who has catarrh in any form, or distressing rumbling hissing sounds in their ears, should give this recipe a trial.

T. J. Evans.
